the expert contributors together trace how the arts of editing and effects have evolved in tandem starting with the trick films of the early silent era which astounded audiences by splicing in or editing out key frames all the way to today's cutting edge effects technologies multiple filmmaking techniques are explored throughout from classic hollywood's rear projection and matte shots to the fast cuts and wall to wall cgi of the contemporary blockbuster the book introduces readers to the analog and digital tools used in these crafts showing the impact of changes in the film industry itself

ever wonder why so many stars and featured players male or female in movies of hollywood's golden age look like they just stepped out of a beauty parlor even if the story places them in a jungle a hospital bed or the ancient past all for beauty examines how and why makeup and hairdressing evolved as crafts designed partly to maintain the white flawless skin of men and women as a value in the studio era the book pays particular attention to the labor force exploring the power and influence of cosmetics inventor and manufacturer max factor and the westmore dynasty of makeup artists but also the contributions of others many of them women whose names are far less known at the end of the complex exciting and at times dismaying chronicle it is likely that readers will never again watch hollywood films without thinking about the roles of makeup and hairdressing in creating both fictional characters and stars as emblems of an idealized and undeniably mesmerizing visual perfection

discusses various career possibilities for those interested in photography

over the last fifty years in the united states unions have been in deep decline while income and wealth inequality have grown in this timely work editors richard bales and charlotte garden with a roster of thirty five leading labor scholars analyze these trends and show how they are linked designed to appeal to those being introduced to the field as well as experts seeking new insights this book demonstrates how federal labor law is failing today s workers and disempowering unions how union jobs pay better than nonunion jobs and help to increase the wages of even nonunion workers and how when union jobs vanish the wage premium also vanishes at the same time the book offers a range of solutions from the radical such as a complete overhaul of federal labor law to the incremental including reforms that could be undertaken by federal agencies on their own

some of the most beloved characters in film and television inhabit two dimensional worlds that spring from the fertile imaginations of talented animators the movements characterizations and settings in the best animated films are as vivid as any live action film and sometimes seem more alive than life itself in this case hollywood s marketing slogans are fitting animated stories are frequently magical leaving memories of happy endings in young and old alike however the fantasy lands animators create bear little resemblance to the conditions under which these artists work anonymous animators routinely toiled in dark cramped working environments for long hours and low pay especially at the emergence of the art form early in the twentieth century in drawing the line veteran animator tom sito chronicles the efforts of generations of working men and women artists who have struggled to create a stable standard of living that is as secure as the worlds their characters inhabit the former president of america s largest animation union sito offers a unique insider s account of animators struggles with legendary studio kingpins such as jack warner and walt disney and their more recent battles with michael eisner and other hollywood players based on numerous archival documents personal interviews and his own experiences sito s history of animation unions is both carefully analytical and deeply personal drawing the line stands as a vital corrective to this field of hollywood history and is an important look at the animation industry s past present and future like most elements of the modern commercial media system animation is rapidly being changed by the forces of globalization and technological innovation yet even as pixels replace pencils and bytes replace paints the working relationship between employer and employee essentially remains the same in drawing the line sito challenges the next wave of animators to heed the lessons of their predecessors by organizing and acting collectively to fight against the enormous pressures of the marketplace for their class interests and for the betterment of their art form
