a series of levels from the textual to the inter societal level this handbook introduces the reader to the most important concepts models theories and debates within the field of crisis communication crisis communication is a young and very vibrant field of research and practice it is therefore crucial that researchers students and practitioners have access to presentations and discussions of the most recent research like the other handbooks in the hocs series this handbook contains a general introduction a chapter on the history of crisis communication research a series of thematic chapters on crisis communication research at various levels a chapter perspectives a glossary of key terms and lists of further reading for each chapter with references to publications in english german and french overview section i introducing the field general introduction a brief history of crisis management and crisis communication from organizational practice to academic discipline reframing the field public crisis management political crisis management and corporate crisis management section ii between text and context image repair theory situational crisis communication theory influences provenance evolution and prospects contingency theory evolution from a public relations theory to a theory of strategic conflict management discourse of renewal understanding the theory s implications for the field of crisis communication making sense of crisis sensemaking theory weick s contributions to the study of crisis communication arenas and voices in organizational crisis communication how far have we come visual crisis communication section iii organizational level to minimize or mobilize the trade offs associated with the crisis communication process internal crisis communication on current and future research whistleblowing in organizations employee reactions to negative media coverage crisis communication and organizational resilience section iv interorganizational level fixing the broken link communication strategies for supply chain crises reputational interdependence and spillover exploring the contextual challenges of spillover crisis response crisis management consulting an emerging field of study section v societal level crisis and emergency risk communication past present and future crisis communication in public organizations communicating and managing crisis in the world of politics crisis communication and the political scandal crisis communication and social media short history of the evolution of social media in crisis communication mass media and their symbiotic relationship with crisis section vi intersocietal level should ceos of multinationals be spokespersons during an overseas product harm crisis intercultural and multicultural approaches to crisis communication section vii critical approaches ethics in crisis communication section viii the future the future of organizational crises crisis management and crisis communication for a detailed table of contents please see [here](#)

equip your students with a strong understanding of the essential role that communicators play

in moments of crisis and the tools they need to conduct ethically sound crisis management

written as a tool for both researchers and communication managers the handbook of crisis communication is a comprehensive examination of the latest research methods and critical issues in crisis communication includes in depth analyses of well known case studies in crisis communication from terrorist attacks to hurricane katrina explores the key emerging areas of new technology and global crisis communication provides a starting point for developing crisis communication as a distinctive field research rather than as a sub discipline of public relations or corporate communication

is your company equipped to deal with any kind of crisis whether caused by internal error customer action or social media mishap this bestselling guide gives readers the skills tools and knowledge to respond effectively to high stake situations and protect your brand from disaster crisis communication strategies is a must have guide that covers the whole span of a crisis from preparing and laying the groundwork before it occurs during the incident and the aftermath including the move to recovery and beyond it guides readers through each phase providing details of what to consider what should be done tips and checklists for improved responses this second edition of crisis communication strategies provides new sections on managing long running crises it also contains new content looking at the phases of crises behavioural communication as a tactic and how to ensure diversity and inclusivity in tumultuous times supported by brand new case studies and examples from responses to events including the british post office scandal burger king s misfired international women s day campaign yorkshire cricket s racism scandal and peloton s crises it also explores the role of leadership in developing a crisis communication response that has people at its heart this is an essential guide for pr and communications professionals who wish to protect their company and build long term resilience

ongoing crisis communication planning managing and responding provides an integrated approach to crisis communication that spans the entire crisis management process and crosses various disciplines a truly integrative and comprehensive text this book explains how crisis management can prevent or reduce the threats of a crisis providing guidelines for how best to act and react in an emergency situation the fifth edition includes new coverage of social media social networking sites and terrorist threats and includes expanded discussions of internal crisis communication and intuition in decision making

when a crisis breaks out it s not always just the organization that reacts the news media customers employees trade associations politicians activist groups and pr experts may also

respond this book offers a new and original perspective on crisis communication based on the theory of the rhetorical arena and the so called multivocal approach according to this approach we gain a more dynamic and complex understanding of organizational crises if we focus not only on the communication produced by the organization but also take into account the many other voices who start communicating when a crisis breaks out it provides an in depth overview of the five key dimensions of organizational crises crisis management and crisis communication a comprehensive introduction to the theory of the rhetorical arena and the multivocal approach to crisis communication including some of the most important voices inside the arena a series of important international case studies and case examples in each chapter suitable for students studying crisis communication modules on corporate communication public relations and management and organization studies courses

now in its sixth edition this book provides engaging practice oriented case studies analyzing communication professionals crisis preparation and responses illustrating key considerations for communicating with both internal and external stakeholders during and after a crisis this edition continues its strength as a student friendly text that demonstrates how to craft target and deliver messages during crises in order to mitigate further controversy and distress classic cases lay the foundation while contemporary cases shed light on cutting edge practices in use today many cases from previous editions have been updated and new cases added including the covid 19 crisis and u s vaccination campaign starbucks and racial discrimination at a philadelphia branch will smith and the academy awards slap gander newfoundland in supporting stranded tourists after the attacks of september 11 2001 and a look at how schools can prepare communication responses to school shootings each case pays particular attention to the actual and ideal use of social media in the crisis and there is a new section on the important issues of misinformation and disinformation crisis communications 6th edition is intended for courses in crisis communication crisis management disaster response corporate communications and public relations student and instructor online support materials feature selected previous editions case studies no longer in this edition as well as an instructor s manual with suggested activities discussion questions and sample quizzes routledge com 9780367894450

social media and crisis communication provides a unique and timely contribution to the field of crisis communication by addressing how social media are influencing the practice of crisis communication the book with a collection of chapters contributed by leading communication researchers covers the current and emerging interplay of social media and crisis communication recent theories and frameworks overviews of dominant research streams

applications in specific crisis areas and future directions both the theoretical and the practical are discussed providing a volume that appeals to both academic minded readers as well as professionals at the managerial decision making level the audience includes public relations and corporate communication scholars graduate students studying social media and crisis communication researchers crisis managers working in communication departments and business leaders who make strategic business communication planning no other volume has provided the overarching synthesis of information regarding the field of crisis communication and social media that this book contains incorporated in this volume is the recent social mediated crisis communication model developed by the editors and their co authors which serves as a framework for crisis and issues management in a rapidly evolving media landscape

this book is an evidence based approach to handling common extreme crises extreme crises involve strong moral outrage moral outrage creates situations where traditional crisis communication advice no longer is effective these extreme crises create unique demands for crisis managers moreover much of the traditional advice and crisis key performance indicators kpis no longer apply validated through research the book establishes the nature of extreme crises the optimal crisis response for such crises and the kpis outcomes crisis managers need to measure for extreme crises it serves as a guide for how to communicate effectively during extreme crises and provides advice based upon experimental research that validates the effectiveness of the crisis communication interventions the book does not require prior knowledge about crisis communication and crisis management it contains summaries of crisis communication and management before exploring the more specialized topic of extreme crises chapters include extended case studies examining communication within such events as the westpac money laundering vw emissions and covid 19 crises communications in extreme crises will be of direct interest to scholars of crisis communication in public relations corporate communication strategic communication organizational communication programs and management

the revised and updated new edition of the comprehensive guide to crisis communication research and practice the handbook of crisis communication provides students researchers and practitioners with a timely and authoritative overview of the dynamic field contributions by an international team of 50 leading scholars and practitioners demonstrate various methodological approaches examine how crisis communication is applied in a range of specific contexts discuss the role of culture and technology in crisis communication and present original research of relevance to the development and evaluation of crisis communication

theory now in its second edition the handbook covers the latest advances in global crisis communication technology current trends in research and practice social media in crisis communication and more each of the 38 chapters incorporate new material offering fresh insights into existing areas of crisis communication and explore new and emerging lines of research a wealth of new case studies practical scenarios and in depth analyses of recent crises are integrated throughout examines traditional applications recent advances and emerging areas in crisis communication discusses communication approaches for organizational crises disasters political crises and public health crises provides up to date coverage of the latest terminology methods and research trends in the field highlights how crisis communication theory and research can inform real world practice features detailed analyses of crisis communication in major events such as terrorist attacks natural disasters industrial accidents and global pandemics the handbook of crisis communication second edition is an excellent textbook for advanced students in public relations and strategic communication programs and a valuable reference for researchers and practitioners in fields such as crisis communication public relations and corporate communication

crises happen when they do organizations must learn to effectively communicate with their internal and external stakeholders as well as the public in order to salvage their reputation and achieve long term positive effects ineffective communication during times of crisis can indelibly stain an organization's reputation in the eyes of both the public and the members of the organization the subject of crisis communication has evolved from a public relations paradigm of reactive image control to an examination of both internal and external communication which requires proactive as well as reactive planning there are many challenges in this text for crisis communication involves more than case analysis students must examine theories and then apply these principles this text prepares students by providing a theoretical framework for understanding crisis communication examining the recommendations of academics and practitioners reviewing cases that required efficient communication during crises describing the steps and stages for crisis communication planning crisis communication is a highly readable blend of theory and practice that provides students with a solid foundation for effective crisis communication

the definitive guide to communicating in any crisis when facing an already difficult crisis the last thing a company needs is to make it worse through its own communications or lack thereof as one who has lived through a number of business crises and served as an independent investigator of the crises of others i consider steven fink's book to be an excellent guide to avoiding collecting scar tissue of your own by learning from the scar tissue painfully

collected by others norman r augustine former chairman and chief executive officer lockheed martin there are few guarantees in business today unfortunately one of them is the inevitability of a crisis having a potentially major effect on your business and your reputation when your company finds itself in the midst of a crisis the ripple effects can disrupt lives and business for the foreseeable future if public opinion is not properly shaped and managed skillfully managing the perception of the crisis determines the difference between a company s life or death because in the pitched battle between perception and reality perception always wins fortunately there is a solution crisis communications and crisis management legend steven fink gives you everything you need to prepare for the inevitable whether it s in the form of human error industrial accidents criminal behavior or natural disasters in this groundbreaking guide fink provides a complete toolkit for ensuring smooth communications and lasting business success through any crisis crisis communications offers proactive and preventive methods for preempting potential crises the book reveals proven strategies for recognizing and averting damaging crisis communications issues before it s too late the book also offers ways to deal with mainstream and social media use them to your advantage and neutralize and turn around a hostile media environment steven fink uses his decades of expertise and experience in crisis communications to help you understand and manage the relationship between public perception and reality choose the best spokesperson for the crisis protect your brand and reputation through crises large and small make wise vigilant and defensible decisions under extreme crisis induced stress tell the truth no matter how tempting it may be to mislead use social media outlets to communicate directly to the public about a crisis the explosion of the internet and especially social media has added a new layer to the business leader s skill set the ability to handle a crisis quickly and professionally within moments of its occurrence livelihoods depend upon it with in depth case studies of toyota bp and penn state crisis communications provides everything you need to successfully lead your company through today s rocky landscape of business where crises large and small loom around every corner and the lives of businesses and management teams hang in the balance praise for steven fink s crisis management every major executive in america ought to read at least one book on crisis management in this way he or she might be better prepared to deal with the disasters striking organizations at an ever increasing rate the question is is steven fink s book one that busy executives ought to read the answer is a resounding yes los angeles times front page sunday book review

this book is an evidence based approach to handling common extreme crises extreme crises involve strong moral outrage moral outrage creates situations where traditional crisis

communication advice no longer is effective these extreme crises create unique demands for crisis managers moreover much of the traditional advice and crisis key performance indicators kpis no longer apply validated through research the book establishes the nature of extreme crises the optimal crisis response for such crises and the kpis outcomes crisis managers need to measure for extreme crises it serves as a guide for how to communicate effectively during extreme crises and provides advice based upon experimental research that validates the effectiveness of the crisis communication interventions readers do not require prior knowledge about crisis communication and crisis management as the book contains summaries of crisis communication and management before exploring the more specialized topic of extreme crises chapters include extended case studies examining communication within such events as the westpac money laundering vw emissions and covid 19 crises communications in extreme crises will be of direct interest to scholars of crisis communication in public relations corporate communication strategic communication organizational communication programs and management

crisis communication in a digital world provides an introduction to major crisis communication theories and issues management written by authors with over six decades combined experience in the public relations field it is an essential resource for those learning to apply communications and public relations to crisis situations

ongoing crisis communication planning managing and responding provides an integrated approach to crisis communication that spans the entire crisis management process and crosses various disciplines a truly integrative and comprehensive text this book explains how crisis management can prevent or reduce the threats of a crisis providing guidelines for how best to act and react in an emergency situation the sixth edition includes new coverage of artificial intelligence and risk management social media resilience training for the community and draws upon recent work from management public relations organizational psychology marketing organizational communication and computer mediated communication research
