building on the success of the popular first edition the authors provide hypothetical criminal justice scenarios for analysis having found in their experience as teachers that the process adds depth and dimension to the study of justice and ethics this expanded second edition offers ten new cases addressing the intricate process of moral and ethical decision making focusing on both personal and social context the authors explore true to life situations and encourage readers to think about the possible consequences that could result from the choices they make the case studies provide realistic portrayals of current dilemmas in policing courts corrections and juvenile justice political and noble cause corruption perjury and judicial prosecutorial misconduct ethnic and gender prejudice and many other social and criminal justice themes are featured following each scenario are thought provoking questions to facilitate personal reflection and class discussion each section contains a bibliography of topical books and articles for readers interested in a more in depth treatment of the issues

food has emerged as a political topic par excellence it is increasingly involved in controversies at a transnational level in

relation to issues of access dominance trade and control in a shared global environment at the same time innovations in biotechnology and animal domestication have brought ethics to the forefront of food debates thus we live in an era when the ethics and the politics of food must come together this book addresses the ethics and the politics of food from a broad range of academic disciplines including sociology philosophy nutrition anthropology ethics political science and history the chapters expose novel problem areas and suggest guidelines for approaching them topics range from fundamental issues in philosophy to sustainability from consumer trust in food to ethical toolkits transparency power and responsibility are key concerns and special attention is given to animal welfare emerging technologies in food production and marine domestication together the chapters represent a wide range of academic responses to the fundamental dilemmas posed by food production and food consumption in the contemporary world

a companion to philosophical ethics cover

formerly published by chicago business press now published by sage using an applied and practical approach managing business ethics and your career focuses on the implications of business ethics on students careers and the organizations where they will work author mel fugate s conversational tone makes his coverage of concise philosophical and historical foundations of ethics influential research and real world examples approachable for classroom discussion

plato s moral realism rests on the idea of the good the unhypothetical first principle of all it is this as plato says that makes just things useful and beneficial that plato makes the first principle of all the idea of the good sets his approach apart from that of virtually every other philosopher this fact has been occluded by later christian platonists who tried to identify the good with the god of scripture but for plato theology though important is subordinate to metaphysics for this reason ethics is independent of theology and attached to metaphysics this book challenges many contemporary accounts of plato s ethics that start with the so called socratic paradoxes and attempt to construct a psychology of action or moral psychology that makes these paradoxes defensible rather lloyd gerson argues that plato at least never thought that moral realism was defensible outside of a metaphysical framework

the real heroes of television crime shows in the twenty first century are no longer police detectives but forensic technologies the immense popularity of high tech crime television shows has changed the way in which crime scene work is viewed the term csi effect was coined to signify a situation where people s views and practices have been influenced by such media representations e g judges and jurors putting more weight on forensic evidence that has been produced with high tech tools in particular dna evidence than on other kinds of evidence while considerable scholarly

attention has been paid to examining the csi effect on publics jurors judges and police investigators prisoners views on forensic technologies and policing have been under explored drawing on a research sample of over 50 interviews carried out with prisoners in portugal and austria this groundbreaking book shows how prisoners view crime scene traces how they understand crime scene technologies and what effect they attribute to the existence of large police databases on their own lives careers and futures through critically engaging with sts sociological and criminological perspectives on the use of dna technologies within the criminal justice system this work provides the reader with valuable insights into the effect of different legal political discursive and historical configurations on how crime scene technologies are utilized by the police and related to by convicted offenders

the ethics toolkit provides an accessible and engaging compendium of concepts theories and strategies that encourage students and advanced readers to think critically about ethics so that they can engage intelligently in ethical study thought and debate written by the authors of the popular the philosophers toolkit blackwell 2001 baggini is also a renowned print and broadcast journalist and a prolific author of popular philosophy books uses clear and accessible language appropriate for use both inside and beyond the classroom enlivened through the use of real world and hypothetical examples cross referencing of entries helps to connect and contrast ideas features lists of prominent ethics organizations and useful websites encourages readers to think critically about ethics and teaches them how to engage intelligently in ethical study thought and debate

ethics and professional responsibility for paralegals provides complete coverage of legal ethics tailored to the needs of the practicing paralegal

this best seller combines text readings and cases to provide an outstanding introduction to moral philosophy engaging students in the most perplexing issues of our time without sacrificing philosophical integrity numerous readings by philosophers and writers and contemporary case studies make chapter topics lively centerpieces for discussions each chapter begins with the author s presentation of the topic and is followed by readings with brief introductions this is then followed by cases that enhance the application of concepts to the real world both readings and cases are followed by questions for analysis

this completely updated definitive text on legal ethics and professional responsibility for legal assistants provides timely coverage of all ethical principles from the perspective of the practicing paralegal the book includes specific rules from the aba model code and model rules on which state codes are based references to the relevant aba guidelines for the

utilization of legal assistant services and ethical canons of the two major paralegal associations some features of special interest the hallmarks that have made this book so successful have been retained extremely clear explanatory text accompanied by excellent examples each chapter includes cases that demonstrate how the principles and rules are applied to legal assistants review questions and discussion questions that can be assigned as projects there is a well known and respected leader in paralegal education and her book is regarded as one of the best available for paralegal students the new third edition offers new cases and trends in how states are addressing ethical issues involving paralegals updated sections on unauthorized practice of law non lawyer legal services providers conflicts of interest and regulation new information in chapter on confidentiality particularly addressing changes resulting from technological innovations and new cases dealing with confidentiality coverage of new state ethical guidelines for using paralegals and appendices updated with latest versions of ethical codes
