this book offers a much needed alternative to the more traditional texts used to teach writing instruction grounded in history the book clarifies changing theoretical and practical approaches to teaching writing critically assessing each approach in relation to the social and political movements of the day both within and beyond the university the author takes us inside the real world of writing instruction not

only from the viewpoint of instructor but as seen through the eyes of students struggling to make sense of the expectations of writing class mitchell emphasizes that writing entails far more than putting words to paper and delves into contextually variable culturally defined expectations that include multiple linguistic forms both oral and written highlighting the complexity of writing s while engaging the reader in lively academic debates about language and society

teaching queer looks closely at student writing transcripts of class discussions and teaching practices in first year writing courses to articulate queer theories of literacy and writing instruction while also considering the embodied actuality of being a queer teacher rather than positioning queerness as connected only to queer texts or queer teachers students as much work on queer pedagogy has done since the 1990s the book offers writing and teaching as already queer practices and contends that the overlap between queer theory and composition presents new possibilities for teaching writing teaching queer argues for and enacts queer forms non normative and category resistant forms of writing those that move between the critical and the creative the theoretical and the practical and the queer and the often invisible normative functions of classrooms

master the ged 2010 is a comprehensive guide that provides the review material and test prep needed to score higher on the high school equivalency diploma test the exercises and drills provide hands on practice for every type of test question complete with in depth reviews for each subject exam language arts reading language arts writing mathematics science and social studies

donna lee rubin examines the responses of thirty one freshman composition teachers to student writing and shows the negative effects of gender bias on assessment to prove that gender perceptions and expectations can influence assessment decisions that seem neutral on the surface arguing that certain pedagogies are more likely to minimize gender bias than others rubin believes that teachers are more likely to overcome the influence of gender bias on their teaching if they adopt a process based method and work intimately with their students through nondirective supportive conferences rubin characterizes the conference process centered class as the type of environment in which maternal teaching can be cultivated she stresses that maternal can describe any teacher male or female who exhibits the nurturing and supportive qualities that the conference process approach embodies with a primary focus on the student s well being and development as a person and a writer the maternal

teacher is in a better position to overcome gender bias that could distort the interpretation of student texts in order for writing instructors to increase their sensitivity to gender issues in assessment rubin recommends that they self consciously engage in what she calls responsive reading responsive reading occurs when the teacher reads with an eye toward providing the sorts of supportive feedback and dialectic exchange that will encourage student writers to think for themselves and to revise effectively rubin argues that when teachers commit to a responsive reading pedagogy they are more likely to question their reactions to student writing along the lines of gender influence and to strive for self conscious awareness of how their own inner male female voices may distort their reading of student texts she challenges all writing teachers to become more aware of the inevitable challenge gender influence presents

the goal of the field guide to teaching a handbook for new teachers is to provide very specific and practical guidance for those who are entering the teaching profession the book offers guidelines hints and fundamental information geared to help the novice teacher avoid common pitfalls and to make a start on the road to becoming a professional educator it is written from the point of view that those who read the book are unfamiliar with the profession beyond the training they have or will receive in their college teacher preparation program or other alternate route program publisher s website
