*the 35th anniversary of this classic of art theory*

*since its publication fifty years ago this work has established itself as a classic it casts the visual process in psychological terms and describes the creative way one's eye organizes visual material according to specific psychological premises in 1974 this book was revised and expanded and since then it has continued to burnish rudolf arnheim's reputation as a groundbreaking theoretician in the fields of art and psychology since its publication fifty years ago this work has established itself as a classic it casts the visual process in psychological terms and describes the creative way one's eye organizes visual material according to specific psychological premises in 19*

*for many years rudolf arnheim known as the leading psychologist of art has been keeping notebooks in which to jot down observations ideas questions and even after a stay in japan for a year poems in the haiku pattern some of these notes found their way into his books known and prized the world over such as art and visual perception visual thinking and the power of the center see list below now he has selected from the remaining riches of his notebooks the items in this volume the book will be a joy to ramble through for all lovers of arnheim's work and indeed for anyone who shares arnheim's contagious interest in the order that lies behind art nature and human life it is a seedbed of ideas and observations in his special fields of psychology and the arts i have avoided mere images and i have avoided mere thoughts says arnheim in the introduction but whenever an episode observed or a striking sentence read yielded a piece of insight i had not met before i wrote it down and preserved it there are also glimpses of his personal life his wife his cats his students his neighbors and colleagues he is always concrete in the manner that has become his trademark often witty and sometimes a bit wicked in the blend of life and thought caught in these jottings psychology and the arts are of course prominent but philosophy religion and the natural sciences add to the medley of topics always addressed in a way to sharpen the senses of the reader who sharing arnheim's cue from dylan thomas may accompany him through the parables of sun light and the legends of the green chapels and the twice told fields of childhood all of rudolf arnheim's books have been published by the university of california press*

rudolf arnheim has been known since the publication of his groundbreaking art and visual perception in 1974 as an authority on the psychological interpretation of the visual arts two anniversary volumes celebrate the landmark anniversaries of his works in 2009 in the power of the center arnheim uses a wealth of examples to consider the factors that determine the overall organization of visual form in works of painting sculpture and architecture the dynamics of architectural form explores the unexpected perceptual consequences of architecture with arnheim s customary clarity and precision
