fills a void in the genre excellent descriptions and interpretations latin american antiquity

this book is the first in more than a decade to provide new information on the chavin phenomenon of ancient peru thought by some to be the mother culture of ancient peruvian cultures chavin is remarkable for its baroque sophisticated art style in a variety of media including finely carved stone monuments beautifully formed pottery and magnificent and complex metallurgy also the textiles from chavin are incredibly innovative both iconographically and structurally they in fact form the foundation for the later andean textile evolution chapters in this book cover new interpretations of the history of the site of chavin de huantar studies of related cultures the role of shamanism and many other topics of interest to specialists and the general reader alike

this volume brings together research on the evolution of civilisation in the andean region of south america from the work of sixteen leading scholars at one time actively engaged in fieldwork in peru beginning with early chiefdom societies living along the peruvian coast 2000 years before christ the authors trace the growing complexity of andean states and empires over the next 3000 years they examine the accomplishments of the ancient andeans in the rise of magnificent monumental architecture and the construction of unparalleled prehistoric irrigation systems they also look at the dominant role of warfare in andean societies and at the collapse of empires in the millennia before the arrival of the spanish in 1534 together the contributors provide the first systematic study of the evolution of polities along the dry coastal plains and high mountain valleys of the peruvian andes

this pioneering study by isabelle druc offers a first important step towards characterizing and proveniencing the ceramics utilized within the chavín sphere of influence combining petrographic analysis and x ray fluorescence druc is able to distinguish between the ceramics produced at chavín de huántar and those created at four other areas linked to the chavín center this analysis produces compelling evidence of long distance transport of pottery during the chavín horizon the demonstration that a significant amount of pottery from chavín de huántar was produced elsewhere complements earlier stylistic analyses from the site it also reinforces prior findings concerning the consumption of exotic materials by the residents of chavín de huántar during the early horizon finally this study offers not only a contribution to our understanding of chavín civilization but also provides an instructive case study highlighting the potential of pan regional characterization and provenience studies for archaeological ceramics

curated by peter fux with the scientific advice of luis guillermo lumbreiras and john w rick a reprint in spanish of the original title chavín peruoes enigmatic temple in the andes" published by the rietberg museum zürich switzerland in 2012 comprising seventeen essays by the main peruvian and foreign researchers dedicated to the study of the archaic and formative in the central andes periods the volume includes in addition a catalogue dedicated to the pieces displayed in the exhibition as well as other individual texts that recognize the artistic and aesthetic quality of art produced in this time

an integrated picture of prehistory as an active process of discovery world prehistory and archaeology pathways through time fourth edition provides an integrated discussion of world prehistory and archaeological methods this text emphasizes the relevance of how we know and what we know about our human prehistory a cornerstone of world prehistory and archaeology is the discussion of prehistory as an active process of discovery methodological issues are addressed throughout the text to engage readers archaeological methods are introduced in the first two chapters succeeding chapters then address the question of how we know the past to provide an integrated presentation of prehistory the fourth edition involves readers in the current state of archaeological research revealing how archaeologists work and interpret what they find through the coverage of various new research author michael chazan shows how archaeology is truly a global discipline learning goals upon completing this book readers will be able to gain new perspectives and insights into who we are and how our world came into being think about humanity from the perspective of archaeology appreciate the importance of the archaeological record for contemporary society

reconstructs the history of the virgin of cuzco who as a fusion of indigenous andean and spanish christian beliefs and practices represents both the virgin mary and pachamama includes background chapters on andean and spanish beliefs and art major mostly original work illuminates multiple aspe
