because this book's main objective is to foster and promote student development it should appeal to those who advise counsel and teach undergraduate and graduate students particularly those in psychology education and other social sciences along with a plethora of stimulating ideas for practice and research the book contains the results of research having immediate applications to students' educational and career direction needs readers will find more than 90 articles in this book distributed across three significant challenges to students' development: the academic, occupational, and personal. Further, the material presented has been organized around three distinct approaches to these challenges: advising, career development, and field placement activities. The source for these articles is the official journal of the American Psychological Association, *Teaching of Psychology*.

This publication is the first to cover the entire field of teaching psychology and includes teaching methods, advising, and curriculum planning, as well as special problems in teaching laboratory and statistics courses. The articles selected provide thought-provoking reading for an international readership. Each of the twelve subject-oriented sections contains a brief introduction, five articles, and suggested further readings for those wishing to pursue a particular topic in more detail.

This study guide uses multiple-choice and short-answer questions to test your students' knowledge of trademark and unfair competition law doctrine. Each multiple-choice question is accompanied by a detailed answer that indicates which of four options is the best answer and explains why that option is better than the other three options. Each short-answer question, designed to be answered in no more than fifteen minutes, is followed by a thoughtful yet brief model answer. The guide also includes a comprehensive topical index.
