briefly we can say that a myth gives a religious explanation for something how the world or a particular custom began there is usually no attempt to fix the myth into a coherent chronology related to the present day though myths or a cycle of myths may have their own internal chronology the story is timeless in that the events are symbolic rather than just the way it happened a legend on the other hand is a story which is told as if it were a historical event rather than as an explanation for something or a symbolic narrative the legend may or may not be an elaborated version of a historical event thus examples of legends are the stories about robin hood which are set in a definite period the reign of richard i of england 1189-99 or about king arthur which were perhaps originally based on the exploits of a romano-celtic prince who attempted to resist the expansion of the anglo-saxons in what was to become england the stories about robin hood and king arthur have been elaborated and expanded on down the years people the world over have stories to tell and this book is gathering some of them together

in seas and lands sir edwin arnold gave us the impression that japan was a real fairyland in the far east and he was correct herein you will find over 200 magical myths legends tales and fables of japanese deities from the time before the world was brought into being f hadland davis has categorised these stories tales and fables into 31 chapters these are accompanied by 32 glorious full page colour plates by evelyn paul quite unlike any others we have seen in children s illustrated books herein are stories like ama terasu and susa no o the divine messengers yorimasa the goblin of oyeyama the triumph of momotaro my lord bag of rice the coming of the lady kaguya the legend of the golden lotus how tokutaro was deluded by foxes the significance of jizō the treasure ship sentaro s visit to the land of perpetual youth a woman and the bell of miidera the snow bride and oh so many more exquisite tales like these ama terasu is the central figure in japanese mythology for it is from the sun

goddess that the mikados are descended and it is here where this volume starts early heroes and warriors are always regarded as minor divinities and the very nature of shintōism associated with ancestor worship has enriched those of japan with many a fascinating legend the chinese called japan jih pén the place the sun comes from because the archipelago was situated on the east of their own kingdom and our words japan and nippon are corruptions of jih pén marco polo called the country zipangu and one ancient name describes it as the luxuriant reed plains the land of fresh rice ears of a thousand autumns of long five hundred autumns we are not surprised to find that such a very lengthy and descriptive title is not used by the japanese to day but it is of interest to know that the old word for japan yamato is still frequently employed yamato damashii signifying the spirit of unconquerable japan then again we still hear japan referred to as the island of the dragon fly we are told in the old japanese chronicles that the emperor in 630 b c ascended a hill called waki kamu no hatsuma from which he was able to view the land on all sides he was much impressed by the beauty of the country and said that it resembled a dragon fly licking its hinder parts and the island received the name of akitsu shima which translates as island of the dragon fly and so it has remained for millennia to day we hear a good deal about the new japan and we are too prone to forget the significance of the old upon which modern japan has been founded this volume will give you an insight as to why modern japan is like it is so we invite you to download and curl up with this unique sliver of eastern culture not seen in print for over a century and immerse yourself in the tales and fables of yesteryear for we are certain that once picked up you won't be able to put it down 10 of the profit from the sale of this book will be donated to charities keywords tags fairy tales folklore myths legends children's stories children's stories bygone era fairydom fairy land classic stories children's bedtime stories fables old world japan oriental east japanese deities period of the gods izanagi izanami ama terasu susa no o serpent grandchild palace sea god hoderi hoori heroes warriors yorimasa benkei taira yoshitsune oyeyama raiko prince yamato take sacrifice ototachibana adventures momotaro triumph lord bag of rice bamboo cutter moon maiden lady kaguya begging bowl lord buddha jewel mount horai flameproof fur robe dragon's head royal hunt celestial robe of feathers buddha golden lotus crystal of buddha fox inari
