experiences are dynamically woven throughout the book in the form of rich and compelling stories. Massimilla and Bud Harris show how our feminine vitality can be restored by journeying into its heart and into the archetypal ruins of the feminine within ourselves. In these ruins we will find the fertile ground and the archetypal motifs for healing the feminine within ourselves and our lives and renewing our capacities for strength, love, and creativity. Imagine within each of us there is a deep, powerful source for living lives of love, creativity, and fulfillment. To imagine this foundation for life and the energy it produces is to imagine ourselves and our world filled with the influence of the archetypal feminine: her passionate creativity, love, and ageless knowing. Personally and culturally, this force which lives at the heart of our lives has been diminished and wounded until it seems to have retreated beyond the horizon in a world filled with rationalism and an anxious search for the material good life.
