basically screw your perception is to remind us all that we are one how is our ego getting in the way and stopping us from listening and accepting others just as they are how can we learn to live in love and in relation with another how can we learn and understand one another what if we listened what if we allowed others to be themselves what if we let go what if we were willing to look ourself in the mirror what if we might just be each other's reflection what if we were here to learn to show empathy to love and to accept one another can we accept others just as they are can we accept them even when to us what they are saying thinking or doing seems so different from what we are saying thinking or doing the big question can we deflate our ego and stop trying to change everyone else maybe it is about changing ourselves maybe it is all about connection rather than division

although we are all living in the same world we are simultaneously each living in our own separate universe where each person observes himself as the center of that universe each person has a unique conditioning and belief structure that create his perspective in which he views reality the world than interfaces with each person to create a reality that conforms to his beliefs a person's conditioning and beliefs affect his attitudes and emotions which then magnetize certain energies that resonate to his state of being in this way each individual is creating a separate reality according to his perceptions of truth what we perceive as reality is only the surface of a much deeper and greater truth beyond the apparent world lies the essence of life and a vast kingdom of hidden knowledge our conditioning and beliefs bind us to a certain perspective in which we view our reality perceptions of reality show us how we can break free of the bondage of our conditioning that holds us in a life of mediocrity when we become free from this bondage we can change our perspective which in turn changes our perceptions from a higher perspective we can see the larger picture of our lives and the world we will see the circumstances that have created our present reality and the relationships of events and experiences that were previously beyond our horizons of

perception from this higher perspective we will perceive the world in a new light it will change before our eyes and interface with us in a new and more positive way we will be able to take control of our lives change our destiny and shape a new future from this higher state of awareness we will discover the portal to access the abstract mind which is the mental function of genius and the doorway to revelation from the perspective of revelation we will open the doors into the absolute realms beyond material time and space and describes the perceptions of god the soul the world and the paths to higher consciousness perceptions of reality will show us how to access the abstract mind and open the doorways into revelation creating a new reality full of abundance harmony and joy

this book takes into account the psycho social factors of individual groups and community group process and dynamics while studying the subject it also deals with the principles and methods of health education of which communication and community participation are essential components in the process it teaches every individual how to maintain positive health and when how and where to seek remedial action when afflicted with illness

deep perception the direct awareness of individual being and the practice of being who we are argues that direct perceptions of the being or essential character of a person thing or situation are possible these include perceptions of what integrally belongs to that being the book also argues that these perceptions are enactments and expressions of our own being while the mainstreams of both analytic and continental philosophy reject the conceivability of such a perception jeremy barris argues that these traditions own implicit concepts of being allow and in fact account for its meaningfulness and possibility drawing on these implicit concepts and on zen daoist and some esoteric traditions deep perception develops an account of the nature and logic of these deep perceptions and explores the nature and method of engaging in these perceptions what is involved in living with them and their implications for various areas of our conduct

since its first edition in 1988 this book has become the leading introductory textbook on clinical psychopathology now fully revised and updated it is an invaluable reference for psychiatrists of all levels as well as clinical psychologists allied mental health professionals and researchers in this field comprehensive and accessible overview of clinical psychopathology defines clarifies and describes the main symptoms and syndromes of mental illness encountered in clinical practice illustrates key principles of psychopathology with examples drawn from a wide range of sources fully updated throughout includes key point summaries complementary access to the e book through expertconsult additional online electronic resources include patient interview scenarios exploring key themes videos with transcripts author podcasts audio to expand and clarify core topics interactive question and answer sections for each chapter to test your understanding and aid revision of essential areas now in 4 colour new bigger more user friendly format three new podcasts consciousness embodiment shame and guilt
