this delightful and wide ranging compendium books and bookmen captures the mystique of railway stations by crossing the disciplines of history literature art and architecture in a sweeping global survey unique in its scope

this text is a celebration of the life and architecture of the railway station and its evolution it provides an informative account of the social and political context of stations over the last 150 years and examines the background of some of the world's major stations railway stations

havelways held a special place in the public's affection the lure of the great railway terminus has been especially strong with the grandeur of the architecture fused with the prospects for adventure escape or challenge promised by far flung destinations the many stations featured in this book cover a wide spectrum of architectural styles and developments and important historic events from the early provincial and colonial railways the Victorian Gothic of London's St Pancras and the Beaux Arts splendour of Grand Central Station in New York to the modern structural feats of Sir Nicholas Grimshaw's Waterloo International Terminal and Santiago Calatrava's Lyon Station other stations from all over the world include the Union Stations in St Louis Washington DC Chicago and Toronto Pennsylvania Station New York

This book offers new insights into the wider socioeconomic impacts of high speed rail (HSR) over the past few decades. Significant investments have been made in these systems around the world. The use of public funds for the construction of HSR offers a range of benefits such as time savings, increased comfort and reduced traffic congestion, as well as broader economic benefits including the advancement of less developed regions. These proceedings feature papers presented at the 4th International Workshop on the Socio-Economic Impacts of High Speed Rail. The focus is on impacts on the land use system, competition vs. integration with alternative transport modes, investment and evaluation. The book provides an overview of the current state of practice from both theoretical and empirical perspectives, as such it is of interest to academics in transport economics and related fields as well as professionals in the transport industry.

This proceedings volume focuses on the AI and data-driven technical and management innovation in logistics informatics and services. In detail, the included scientific papers analyze the latest fundamental advances in the state of the art and practice of logistics informatics, service operations and service science. The proceedings volume is documentation of Liss 2024 at Cape Town and Beijing in July 26-29, 2024. It is co-organized by Beijing Jiaotong University, Henley Business School Africa, Beijing Information Science and Technology University, and Beijing WuZi University.

An exciting new generation of railway architecture has emerged in Europe and elsewhere over the past decade. This book explains the reasons for the renaissance of the station as a building type and the current changes it is undergoing. The functional, social and technical factors which shape railway architecture are examined as stations are essential elements of sustainable development. The environmental benefits of railways are also discussed. Essential guidance is provided for those who design, commission or manage railway stations by drawing on technical design manuals and examples of recent stations many designed by leading architects. The book gives help and instruction to all those with an interest in the future of railway architecture.

Report for 1879-1880 includes information on state railways from their beginning

Report of the Dominion Fishery Commission on the Fisheries of the Province of Ontario 1893 issued as Vol 26 no 7 supplement

profusely illustrated book chronicles the evolution of the architecture of the railroad station in both europe and america from the 1830s to the 1950s carefully documented by all the apparatus of exacting scholarship and even better by a fascinating collection of more than 230 pictures the new york times
