will love examines four of shakespeare s love plays romeo and juliet troilus and cressida twelfth night and antony and cleopatra in light of the augustinian psychology at the heart of the theological romance tradition this tradition which shakespeare inherits from medieval theologian poets such as boethius dante petrarch and chaucer issues from the idea initially expressed by augustine in his confessions that love functions as volitional weight as a kind of magnetism or almost

gravitational force that it moves the lover in mysterious ways yet without diminishing his or her agency will love highlights shakespeare's conception of love in terms of motion and explores the metaphysical ethical psychological and dramatic implications of his doing so

today there is more science based evidence for god the soul and life after death than ever before then why are scores of people turning to unbelief because of science the answer is simple they do not know the science science at the doorstep to god presents in depth the latest evidence to turn the rising tide of unbelief father robert spitzer's j synthesizes eight recent studies confirming an intelligent creator of physical reality as well as a transphysical soul capable of surviving bodily death this is the most comprehensive scientific treatment of god and the afterlife to date it combines natural scientific method metaphysical method medical studies anthropological and genetics studies and phenomenological descriptions showing how each distinct method and data set reinforces the others it is critical for the church to learn and share the fruits of this research and again to demonstrate the profound complementarity between the catholic faith and science through reason we can come to see not only the great intelligence of the creator but also signs of his love goodness and glory

theology and the blues showcases theological themes inherent within the organic and expressive genre of the blues the blues offers safe space to explore the raw material of our fallen condition urging our voices to join the universal primal cry for new creation

using discourses from across the conceptual and geographical board toby miller argues for a different way of understanding violence one that goes beyond supposedly universal human traits to focus instead on the specificities of history place and population as explanations for it violence engages these issues in a wide ranging interdisciplinary form examining definitions and data psychology and ideology gender nation states and the media by covering several foundational questions how has violence been defined historically and geographically has it decreased or increased over time which regions of the world are the most violent does violence correlate with economies political systems and religions what is the relationship of gender and violence what role do the media play this book is a powerful introduction to the study of violence ideal for students and

researchers across the human sciences most notably sociology american and area studies history media and communication studies politics literature and cultural studies

filled with insightful analysis and compelling arguments this book considers the influence of sports on popular culture and spotlights the fascinating ways in which sports culture and american culture intersect this collection blends historical and popular culture perspectives in its analysis of the development of sports and sports figures throughout american history american history through american sports from colonial lacrosse to extreme sports is unique in that it focuses on how each sport has transformed and influenced society at large demonstrating how sports and popular culture are intrinsically entwined and the ways they both reflect larger societal transformations the essays in the book are wide ranging covering topics of interest for sports fans who enjoy the nfl and nascar as well as those who like tennis and watching the olympics many topics feature information about specific sports icons and favorite heroes additionally many of the topics treatments prompt engagement by purposely challenging the reader to either agree or disagree with the author s analysis

a new awareness is an endeavor of affection and generosity toward sebastian moore the book examines his key theological insights and themes over seventy years and proposes that they are still relevant today for the christian community he was a theologian and poet he wrote about many theological topics the significance of jesus the experiences of the disciples and their meaning for us redemption the trinity sexuality and ecclesiology and original sin but he is mainly known for being the theologian of desire self love to self gift desire is love trying to happen to be myself for another and the insight that there is no more wonderful reality than to be desired by the one you desire

though americans spend more than 25 billion a year on sports and sporting events this book argues that the influence of sports on our lives is even more profound than this huge figure would seem to suggest exploring such topics as the role of sports in the creation of mass culture cheating the abuse of illegal drugs the strange and fascinating role that numbers play in sporting events and the future of spectator sport this book surveys the outsized impact that sports have on american culture the author draws from new work in such fields as history economics politics sociology psychology and ethics to support his

claims instructors considering this book for use in a course may request an examination copy [here](#)

one of the most influential texts to come out of the late middle ages

one of the greatest pitchers of his era william arthur candy cummings was born in 1848 when baseball was in its infancy in the 1870s candy s invention the curveball played a transformative role and earned him a place in the hall of fame drawing on extensive research this first full length biography traces candy s new england heritage and chronicles his rise to the top from pitching for amateur teams in mid 1860s brooklyn to playing in the national association of professional base ball players the first major league and then the newly formed national league a critical examination of the evidence and competing claims reveals that cummings was indeed the originator of the curveball

the new atheists argues that the threat of religious fanaticism is mirrored by a no less virulent and ignorant secular fanaticism which has taken hold of the intellectual classes

this is currently the only volume that comprehensively presents the scientific evidence in support of jesus the eucharist and mary father robert spitzer s j closely examines the scientific evidence for the passion and resurrection of jesus from the shroud of turin the real presence of jesus in the holy eucharist from three recent scientifically investigated eucharistic miracles the supernatural dimensions of the apparitions of mary manifest in the tilma of guadalupe the miracle of the sun at fatima and many healing miracles connected with the grotto of lourdes this work also presents a summary of contemporary historical and exegetical evidence for the historicity passion and resurrection of jesus and concludes with a consideration of the catholic church and science particularly the church s contributions to science the complementarity of science and the bible and the complementarity of physical evolution and the creation of a soul the book makes clear that the catholic church is not anti science but quite the opposite it is one of the most scientifically aware religious denominations in the world it will also be clear that science is not anti god anti christ or anti religious on the contrary its tools and methods give considerable credible evidence for all of them

how can we live consistently and well this book is a practical manual that seeks to make the knotty questions of life more manageable

the translation is interweaved with a commentary to provide the reader with some guidance through the complexities of gregory s arguments the introduction includes an overview of the history of apollinarianism and discusses the extent to which it is possible to reconstruct from the fragments quoted by gregory the arguments of apolinarius s apodeixis to which he is responding it also examines the background to and the chronology of both of gregory s anti apollinarian works and looks critically at the arguments that they deploy

includes monthly abstracts of recent literature relating to non ferrous and ferrous metals
