book description the power of truth and commitment what you need to live your most authentic life and be fruitful abner solomon truth cuts through red tape distraction frustration and indecision honesty gets you where you want to go faster because you live how you really feel you may not always know what you want in your future but your intuition will give you a feel for what is in harmony with your heart truth intentions in speech and action gain the attention and respect of others these people become the ones that you not only want to influence but be influenced by the company we keep and surround ourselves with help to define our outlook on life as well as lift us to places we couldn't have arrived at entirely by our own efforts commitment is devotion to a specific association cause or conviction and a readiness to get included individuals who are focused on an association or exertion genuinely accept that it is significant and they appear finish and stick with it the phenomenon of commitment is a cornerstone of human social life commitments make individuals

behavior predictable in the face of fluctuations in their desires and interests thereby facilitating the planning and coordination of joint actions involving multiple agents moreover commitment also facilitates cooperation by making individuals willing to contribute to joint actions to which they wouldn't be willing to contribute if they and others were not committed to doing so to participate in a political demonstration for example or to help clean up after the office christmas party trust and commitment are central to the relational mediators model of relationship marketing extant research suggests that trust enhances commitment as a trusted partner is so highly valued that a channel member will invest in the relationship and put forth efforts to maintain that relationship you find it really difficult to lie even if you do try lying you always get caught people think you are too honest and so they don't like you much people will start finding you boring because they know your responses already people can easily predict your actions reactions and cuss words abner solomon is a poet lyricist nutritionist counsellor and doctor that educates motivates advice and create big positive diffidence of people living in the society and sees relationship builder as a key to truth and commitment to maintaining and changing expression positively in whenever you find yourself all you need do to get along to be a good communicator is to get motivated get informed get your copy click on buy button

you may be surprised that over 70 of american women feel insecure about their spouses love the fact remains that men are hardly committed in relationships from my dating experiences relationships i've been in oh i'll give you a remarkable story of mine later in the book and couples i've counseled it's safe to say that men aren't wired to be committed this does not make them incapable of love but the whole idea seems like a lot to guys what then can be done to rewire your man how do you get assured of his love and completely get rid of insecurities making him committed to just you there's only one way to find out i've taken time to carefully make this guide and it includes every single tip i've tried both the failed ones and those that actually worked essentially you'll be learning how to handle this from my own experience and general knowledge acquired over time do enjoy the experience

investigating a corpus of historical oral testimonies guides the reader through the process of sourcing a relevant oral history archive for linguistic analysis constructing a representative corpus out of this archive and analysing this using corpus tools focusing on the oral history archive at the irish bureau of military history this book shows how corpus linguistics can illuminate themes worthy of investigation that may otherwise remain hidden this is exemplified through the investigation of how certainty is constructed in this archive through a number of expressions and which serves as a template for both how oral history can aid linguistic understanding and how corpus linguistics can contribute to oral history investigation highlighting why oral history archives are worthy of linguistic analysis and showing what readers can gain from blending linguistic tools and competencies with oral history data this book is essential reading for all researchers and students working in the areas of corpus linguistics discourse analysis and oral history

this book draws connections between recent advances in analytic philosophy of mind and insights from the rich phenomenological tradition concerning the nature of thinking by combining both analytic and continental approaches the volume arrives at a more comprehensive understanding of the mental process of thinking and the experience and manipulation of objects of thought contributors scrutinize aspects of thinking that have a common grounding in both the phenomenological and analytic tradition perception language logic embodiment and situatedness due to individual history or current experience this collection serves to broaden and enrich the current debate over cognitive phenomenology and lays the foundations for further dialogue between analytic and continental approaches to the phenomenal character of thinking

this book systematically explores the moral issues surrounding self deception while many articles and books have been written on the concept of self deception in recent years martin s gives much greater emphasis to self deception as a significant topic for both ethical theory and applied ethics self deception is perplexing from a moral point of view it seems tailor made to camouflage and foster immorality does all self deception involve some guilt and is it among the most abhorrent evils as some moralists and theologians have charged or is it only wrong sometimes such as when it has bad consequences could it on occasion be permissible or even desirable to deceive ourselves just as we are sometimes justified in deceiving other people are self deceivers perhaps more like innocent victims than perpetrators of deceit and as such deserving of compassion and help or paradoxically are they best viewed with ambivalence culpable as deceivers and simultaneously innocent as victims of deception from the introduction martin develops a conception of self deception as the purposeful evasion of acknowledging to oneself truths or one s view of truth he details a systematic framework for understanding the main moral perspectives and traditions concerning self deception that have emerged in western philosophy in so doing he clarifies related concepts like sincerity authenticity honesty hypocrisy weakness of will and self understanding ranging across traditions both philosophical kant kierkegaard and sartre and non philosophical freud eugene o neill and henrik ibsen martin shows why self deception is as morally complex as any other major form of behavior the appeal of this book is broad the volume will challenge professional philosophers and psychologists yet it is organized and written to be accessible to

students in courses on ethics philosophy of mind and philosophy of literature martin s numerous literary examples should also interest literary critics

containing original articles on timely topics full reports of important cases and a digest of all recent criminal cases american and english

bioethics today has become a subject of wide public concern almost every one of its tenets is being seriously questioned and likely to be reformulated moreover the pressure on bioethics continues to mount as the number of moral conflicts that buffet our society increases what then will bioethics look like a decade from now in the variety of approaches that have been employed in the practice of bioethics one has dominated in the united states in the last decade and a half that approach is principlism the use of moral principles to address theoretical issues and to resolve conflicts at the bedside recently however bioethicists and others increasingly have realized the limitations of principlism and are calling for the development of alternative approaches such as phenomenology hermeneutics narrative ethics casuistry and virtue ethics this book maps the debate over principlism and the future direction of u s bioethics part one consists of a sociological description of u s bioethics at the beginning of the 1990s along with a defense of principlism by one of its major proponents part two maps cross cultural critiques of principlism while part three covers five alternatives to it three essays in part four by a bioethicist a physician and a theologian reflect on the future of u s bioethics principlism and its alternatives the afterword emphasizes the place of religion and theological discourse in the alternative approaches and in the future of bioethics
