this book examines india's foreign intelligence culture and strategic surprises in the 20th century the work looks at whether there is a distinct way in which india thinks about and does intelligence and by extension whether this affects the prospects of it being surprised drawing on a combination of archival data secondary source information and interviews with members of the indian security and intelligence community the book provides a comprehensive analysis of the evolution of indian intelligence culture from the ancient period to colonial times and subsequently the post colonial era this evolutionary culture has played a significant role in explaining the india's foreign intelligence failure during the occurrences of strategic surprises such as the 1962 sino indian war and the 1999 kargil war while it successfully prepared for surprise attacks like operation chenghiz khan by pakistan in 1971 the result is that the book argues that the strategic culture of a nation and its interplay with intelligence organisations and operations is important to understanding the conditions for intelligence failures and strategic surprises this book will be of much interest to students of intelligence studies strategic studies asian politics and international relations

this book presents narratives perspectives and policies on the arctic and brings to fore the strategies of five asian countries china india japan republic of korea and singapore who were granted the status of permanent observers in the arctic council in 2013 the book also captures arctic countries reactions to asian approaches and their expectations from these countries the melting of the polar sea ice induced by climate change has placed the arctic region in the forefront of global scientific economic strategic and academic interest the discourse involves a number of issues such as claims of the littoral countries to the continental shelves of the region the management and exploitation of its living and non living resources the rights and interests of indigenous communities and the prospects of new ice free shipping routes the contemporary discourse also suggests that the arctic region presents challenges and offers opportunities for the international community these issues have given rise to new geopolitical geoeconomic and geostrategic dynamics amongst the arctic littorals and led to the growing interest of non arctic states in the affairs of the arctic it is evident that the asian countries have a variety of interests in the arctic and the grant of permanent observer status to these countries is an acknowledgement of their capabilities these countries are keen to explore opportunities in the arctic and have begun to formulate appropriate long term national strategies the preliminary approach of the asian observer countries has rightly been to graduate from involvement to engagement in the arctic which seems to have generated significant interest amongst analysts this book helps to understand the approaches of various arctic and non arctic stakeholders in light of the evolving dynamics in the region
