if you ask any pastor what keeps their church moving forward they will likely point to the serving work of the deacon these special men are the foundation of healthy churches because of their unique servant leadership role no matter the church size typically they visit the homebound and the sick as they care and pray for those in need seeing the actions of these servants assists aspiring deacons in understanding what a deacon does but it does not equate to understanding what a deacon is through this book alan witham steve rice and their teammates bring clarity to the role of deacon by providing a practical guide that serves as the deacon ministry handbook the authors bring decades of local church experience having served as deacons pastors and consultants

indifference toward deacon development places the church in a precarious state by and large congregations stand to be weakened by deacons who have not discovered the exciting possibilities of the office when pastor and congregation disregard the need to have trained deacons the office is allowed to recede into one of mere honor rather than service established in christ on the other hand trained deacons or those in training discover exciting opportunities with which the office of deacons is filled they come to perceive the office as one of service rather than honor the church is strengthened exceedingly by their effective and efficient leadership under the sight of the pastor unquestionable god is looking for a special breed of deacons a new testament breed who are spirit filled and qualified to say that deacons are qualified is to say also that they are trained for the work of deacons
