in western societies lifestyle as an explanation for health and illness has become increasingly popular lifestyle in medicine explores the ambiguity of the term lifestyle and the way it is conceived and applied within medicine based on real doctor patient consultations and in

depth interviews with doctors the book discusses the history behind current medical use of lifestyle the variable usage of the lifestyle concept in different medical settings critical writings and recent shifts in sociological thinking about lifestyle public and government concerns about unhealthy lifestyles the ways in which health is discussed doctor to patient evidence based in its approach this book uses original research to highlight this topical issue and provides professional and lay perspectives on health and illness it is essential reading for students and academics of medical sociology health and allied health studies and anyone interested in health and society

surveys the nine medical licenses as well as fifty nondegree healing modalities including history philosophy basic techniques and methods and provides information on career and training opportunities

can evidence based medicine ebm and complementary and alternative medicine cam find common ground a distinguished historian of medicine john s haller jr explores the epistemological foundations of ebm and the challenges these conceptual tools present for both conventional and alternative therapies as he explores a possible reconciliation between their conflicting approaches haller maintains a healthy scientific skepticism yet finds promise in select complementary and alternative cam therapies haller elucidates recent research on the placebo effect and shows how a new engagement between ebm and cam might lead to a more productive medical practice that includes both the objectivity of evidence based medicine and the subjective truth of the physician patient relationship haller s book tours key topics in the standoff between ebm and cam how and why the double blinded randomized clinical trial rct came to be considered the gold standard in modern medicine the challenge of postmodern medicine as it counters the positivism of evidence based medicine and the politics of modern cam and the rise of the national center for complementary and alternative medicine he conducts an in depth case study of homeopathy explaining why it has emerged as a poster child for cam and assesses cam s popularity despite its poor performance in clinical trials haller concludes with hope showing how new experimental protocols might tease out the evidentiary basis for the placebo effect and establish a foundation for some reconciliation between ebm and cam

a story of love lost and found mia wells s eco friendly career goals are about to become a reality but her life altering moment is interrupted

when an unexpected call ushers in her tremulous past a man who's never left mia's memory flynn the enigmatic passionate man whose disappearance broke her heart has mysteriously resurfaced now back in her life and in the hospital flynn is gravely injured mia keeps a bedside vigil terrified that he will die awestruck at the prospect of his survival in a story filled with sweetness and suspense mia's what ifs are endless and flynn's return ignites an achingly powerful tale about the most enduring love one that is greater than honor or friendship or the passing of time

in 1996 alan sokal a professor of physics at new york university wrote a paper for the cultural studies journal social text entitled transgressing the boundaries towards a transformative hermeneutics of quantum gravity it was reviewed accepted and published sokal immediately confessed that the whole article was a hoax a cunningly worded paper designed to expose and parody the style of extreme postmodernist criticism of science the story became front page news around the world and triggered fierce and wide ranging controversy sokal is one of the most powerful voices in the continuing debate about the status of evidence based knowledge in beyond the hoax he turns his attention to a new set of targets pseudo science religion and misinformation in public life whether my targets are the postmodernists of the left the fundamentalists of the right or the muddle headed of all political and apolitical stripes the bottom line is that clear thinking combined with a respect for evidence are of the utmost importance to the survival of the human race in the twenty first century the book also includes a hugely illuminating annotated text of the hoax itself and a reflection on the furore it provoked
