the public outcry for a return to moral education in our schools has raised more dust than it's dispelled building upon his provocative ideas in on becoming responsible michael pritchard clears the air with a sensible plan for promoting our children's moral education through the teaching of reasonableness pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community in such an environment children learn to work together to listen to one another to build on one another's ideas to probe assumptions and different perspectives and ultimately to think for themselves advocating approaches to moral education that avoid mindless indoctrination and timid relativism pritchard neither preaches nor hides behind abstractions he makes liberal use of actual classroom dialogues to illustrate children's remarkable

capacity to engage in reasonable conversation about moral concepts involving fairness cheating loyalty truthtelling lying making and keeping promises obedience character and responsibility he also links such discussions to fundamental concerns over law and moral authority the roles of teachers and parents and the relationship between church and state pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers the result is a rich and insightful work that provides real hope for the future of our children and their moral education

this third edition is a thoroughly revised and updated version of the bestselling text for undergraduate leadership courses this book is designed for college students to help them understand that they are capable of being effective leaders and guide them in developing their leadership potential the relational leadership model rlm continues as the major focus in this edition and the book includes stronger connections between the rlm dimensions and related concepts as well as visual applications of the model the third edition includes new student vignettes that demonstrate how the major concepts and theories can be applied it also contains new material on social justice conflict management positive psychology appreciative inquiry emotional intelligence and new self assessment and reflection questionnaires for those focused on the practice of leadership development the third edition is part of a complete set that includes a student workbook a facilitation and activity guide for educators and free downloadable instructional powerpoint slides the workbook is a student focused companion to the book and the facilitation and activity guide is designed for use by program leaders and educators

this book turns the traditional approach to student success on its head by examining the learning habits of successful students based on what they have told us about their learning strategies on what they do to succeed in college and on the teaching practices they think best foster their learning this approach is in stark contrast to most recent studies of learning at the college level which focus on what students need to do to succeed but are written from the point of view of experts who provide advice to struggling students learning from the learners successful college students share their effective learning habits is based on what expert students tell us about what they as learners do to succeed it is grounded in a 10 year study that rests on a rich qualitative data set that includes open ended survey responses gathered on a term by term basis and in depth interviews during the freshman and junior years with over 700 students of diverse backgrounds additionally since many students interviewed were the first in their family to attend college and from backgrounds traditionally underserved by higher education the book s insights will be of particular interest to educators elsewhere who are increasingly expected to help similar students succeed themes include student success academic challenges diversity pedagogy and technology in the classroom no other book on the widely discussed subject of student success relies on such a wealth of quantitative and qualitative data about what works from the point of view of students themselves

compilation of essays and paragraphs for college and university students compilation is that rare english book that can actually help students to write coherently and logically about many topics and subjects compilation has been put together and designed as a complete and a comprehensive book for helping young and adult learners in college to write and understand the structure of essays and paragraphs this book is unique because every essay talks about something that is real in this life compilation provides an eclectic approach to the presentation of many current topics and subjects that teachers usually ask students to write about in college lucid in aptitude to help others refreshingly candid about his gift of teaching from his god evenson here put together in this book many pieces of his own writings of his previous years in college to motivate other students to write essays without fear and he inspires native and nonnative english speakers to trust in their capacity to analyze understand and write about any subject but he wants to remind everyone that perfection does not exist in this world that's why everyone should try to write without fear imperfection the imperfection mistake and error that are willingly let go in this book characterize its beauty because it's purely a student's writing activities in addition the lack of expertise format makes it more appealing to students furthermore it's purely at the level of most students to utilize as a very good model to write their assignments while in college or university beauty the beauty of this book is that it can be used as a simple reading book and also a text book compilation is a book for college students who have difficulties to write essays and paragraphs the essays and paragraphs are based on subjects or topics currently discuss in college the samples of essays and paragraphs will help the learners in the courses strategies for college success political theories speech english preparatory english compositions one and two bible as literature theater appreciation political science mba and many more the examples in this book will take the students from the very beginning to a knowledge and control of various essential sentence structures paragraphs and essays of the english language this book is the result of homework and exams in college and in university compilation retains the current basic ordering of structural points that students are encountering daily in college or university and the same frequency of vocabulary as used in college level or academic english the present book however is not difficult for students to get familiar with because the organization and approach are very easy to understand compilation makes a serious and sincere effort to develop three language skills such as reading understanding and writing the essays and paragraphs put together with the principles of naturalness as a matter of fact this book compiles the writings of evenson dufour the author that learns english from scratch as he is a non native english speaker the development of diverse styles of writing and structure goes on at an orderly pace however the essays and paragraphs are not slaves to this sequence they aspire at natural academic english and include some concepts from other languages that probably can be difficult to accept as academic concepts and sometimes anticipate structures to be studied later on ninety eight percent of paragraphs and essays have questions for comprehension of the texts teachers professors and instructors will find this book amazing to help their students generating ideas the present book is the effort made by evenson dufour whom wants to help every english speaker or english learner to read understand and write in english without fear
