a proven success in hundreds of classrooms nationwide maerowitz and mauet's introduction to litigation features greater flexibility than the other leading texts it covers

every step of the litigation process in depth from the moment the client walks in the door to final settlements yet never burdens students with needless details and digressions the writing is friendly and intelligent with a unique ability to clarify the reasoning behind legal procedures the pedagogy is expertly crafted for paralegal courses especially the case materials they include examples and documents in the text itself along with a complete litigation file in the appendix and six separate case scenarios in the accompanying electronic workbook the quality and variety of the case materials allow you to teach as you wish rather than locking you into a single case or running scenario one of the most successful litigation texts ever a complete introduction to the litigation process covering the basic rules of litigation investigation case strategies and planning pretrial steps from pleadings to discovery settlements trial preparation judgments and alternative resolutions an ideal balance of clarity and depth with a brisk pace yet sufficient detail for substantive courses and subsequent use as an academic or professional reference highly effective learning features including examples charts checklists overviews review questions and sample documents without the cluttered pedagogy found in some texts a litigation file appendix providing case materials for each stage of litigation from pleadings to settlements designed for flexible use with chapter topics as needed electronic workbook with cases includes new self study aids and case materials including six different case scenarios for assignments exercises and classroom case studies now thoroughly updated for your 2003 courses the most current coverage available with the latest rules procedures examples and references including recent amendments to the federal rules of civil procedures new electronic and web resources with expanded information on computer and online tools for research case preparation and every stage of the litigation process

with a distinctly student friendly voice this new text provides a succinct overview of the interviewing and investigation process focusing on the key issues paralegals need to know in practice the practical approach of the book uses realistic case scenarios to show interviewing and investigation skills in context and draws from criminal as well as civil cases the helpful pedagogy of the book includes key terms practice tips review exercises in depth chapter exercises glossary and bibliography users will also find

charts and exhibits throughout the book supplying them with the tools to help structure their interviews and investigations in practice coverage of using the internet to help in investigation extensive appendices which provide a variety of resources to help in the investigation and interviewing process including a sample case investigation file sample client letters selective excerpts from the federal rules of civil procedures and the federal rules of evidence the text is divided into three major sections overview of litigation process including rules of procedure evidence and ethics discussed in the context of the interviewing and investigating process basics of interviewing including how to ask questions how to listen to determine whether questions are answered how to diffuse the angry of hostile person and how appearance and tone can influence the interview and how to interview children and those from different cultures as well as how to preserve information gathered through interviews investigation process including how to plan and organize an investigation and complete sources for finding people and finding information

enlivened with color and numerous visual aids tom mauet and marlene maerowitz s highly successful text for litigation features comprehensive material in a very teachable format in three coherent parts investigating and planning the litigation pretrial litigation and settlement trial and post trial trial expert thomas mauet an paralegal educator marlene maerowitz clearly and thoroughly explain the steps paralegals must follow to assist lawyers in civil lawsuits from initial fact gathering through post judgment proceeding including the latest changes in the federal rules of civil procedure the authors discuss and demonstrate the full range of litigation skills from drafting litigation documents motion pleadings discovery request and collecting data to interviewing clients and taking witness statements in addition to the new attractive design fundamentals of litigation for paralegals second edition features chapters on provisional remedies appeals and alternative dispute resolution numerous visual aids chart forms exhibits and more to enhance student understanding key terms highlighted throughout the text and further explained in a comprehensive glossary chapter objectives and summaries that preview and review important points review questions to test understanding of the main concepts a litigation file which follows and illustrates the

complete litigation process including forms complaints etc for one sample case this invaluable teaching tool not only helps students master the concepts of the litigation process but also serves as a handy reference in practice an updated workbook and instructor's guide complete this superb package filled with questions and brief writing assignments the workbook gives students an opportunity to research statutes and become familiar with pertinent forms the instructor's guide provides guidance on using the text and workbook

for courses in introduction to law introduction to american law and introduction to paralegalism this book provides students with an interesting introduction to law presented in an effective skill building format it explains the basics of the u s legal system focusing first on organization and operation then introducing students to the major areas of law practice and the legal principles that apply throughout the text legal concepts are defined and explored in a clear concise manner with numerous hypothetical case examples to demonstrate the application of theory varied exercises help students develop strong legal vocabulary and analytic skills

delving into one of the most fascinating areas of legal practice this book shows the real world of prosecutors defense attorneys and paralegals in criminal law drawing on his experience as a criminal defense attorney an assistant district attorney and as a college instructor the author brings the study of criminal law alive actual examples of criminal cases are investigated and explained defenses are explored and appellate processes are examined in the initial chapters readers are introduced to the foundations of criminal law and basic facts about three cases are presented each chapter then continues the account of the three prosecutions to illustrate chapter concepts significant supreme court case decisions and their applicability to criminal law are also analyzed in this intriguing read for paralegals

this newly redesigned edition of family law the essentials 2e provides accurate concise coverage of family law with an emphasis on practical paralegal skills and technique the text presents all the standard topics that must be covered in a family law course but does so in a briefer format than the comprehensive family law by the same author it is

ideal for use in shorter courses or for courses that supplement a text with state specific material
