essay from the year 2022 in the subject english language and literature studies literature grade 1 4 language english abstract moore s novel adds a new layer of perspective on the figure of the hero as well as on the villain and thus blurs the strong contrast between the good and evil sides of both protagonists resulting in a grey m@lange the picture of batman which is nowadays portrayed in some graphic novels is extremely different from the two dimensional superhero a few decades ago and moore s work has its share in the psychological immersion but how can we understand the major topics of madness violence and power which are common in all batman comics and superhero franchises and especially in alan moore s batman the killing joke this question will be answered over the course of this essay every reader of a batman comic knows that in the end the superhero will finally defeat the bad guys and bring them to justice many fans of the series therefore claim that the stories in the universe of batman are not interesting to read because batman will win but because of how he will win alan moore s batman the killing joke is considered a milestone in the history of comics and graphic novel culture and is often referred to as one of the best graphic novels of all time what makes the novel more special is that it was actually supposed to be non canon but it was so impactful that it was incorporated into the dc universe moore provides the reader with the story of how an average nobody transformed into the

villain who is throughout popular culture known as batman's greatest foe and the embodiment of chaos and destruction it is revealed that joker is the product of a sequence of tragic events that turn a loving and caring husband into a murdering psychopath who wants to hold up the mirror to the world and society but the story goes way beyond that as it also sheds a light upon the way batman feels for his opponent how barbara gordon became the mastermind behind batman's high tech and questions the way of how we as readers have to interpret the dazzling figure of the superhero batman and his actions

in 1988 alan moore and brian bolland's batman the killing joke offered a violent literate and controversial take on the joker's origins and his relationship with batman now dr julian darius examines it in the context of the high art ambitions of 1980s super hero comics exposing the narrative's ambiguities and secrets from sequart organization more info at sequart.org
