this work is a collection of 42 of flavel s sermons on the person and work of christ being a puritan the work flavel displays here is well thought out but presented in a way that will require some reflection from the reader in a time when christian values especially those of the catholic church were being called into question it is important to take a historical look at what the puritan preachers were teaching in their day in order for us to get a sense of what christ in this circumstance requires from us and flavel gives a good picture of who christ was and his requirements of us
