thayer bacon argues that factors such as race gender and social status have direct bearing on philosophical inquiry by abstracting theorists from their personal and social contexts the absolutism of traditional critical thinking philosophies come into question thayer bacon encourages reevaluating the diversity of inquiry and suggests that diversity is a factor which constructs philosophy

did you know that 93 of ceos agree that this skill is more important than your college degree amazon s market cap is 1 7 trillion dollars and it all started when jeff bezos used this skill to see a market inefficiency back in the day before anyone else during the 1980s coke wars coca cola and pepsi went back and forth competing to be america s top soda but coca cola didn t use this skill at the right time and their mistake almost completely blew up one of america s oldest and most valuable companies having this skill in your back pocket is like shortcircuiting malcom gladwell s 10 000 hours rule to learning something who s got time for that so what is it nothing complex or fancy but it s the skill supreme court justices have in spades they re the highest legal authority in our country because they can do this thing it s critical thinking that s why thinknetic has finally released critical thinking in a nutshell how to become an independent thinker and make intelligent decisions critical

thinking is one of those skills everyone thinks that they already have but most people are anxious unhappy doubt their decisions and aren't where they want to be in life sometimes basic skills aren't so basic but it's not your fault our educational system doesn't teach critical thinking you can only learn it from the right kind of experiences and most people never do in 2011 a study called it takes more than a major employer priorities for college learning and student success found that 93 of business leaders agreed a demonstrated capacity to think critically communicate clearly and solve complex problems is more important than a candidate's undergraduate major so if you feel like you don't have the right diploma or the right skill set to succeed at what you do don't worry but if you thought your degree would get you everything you've wanted out of life you're going to be disappointed after all critical thinking has driven countless major innovations in human history remember when people thought the earth was flat it took a critical thinker to disprove that the ancient chinese general sun tzu said know your opponent and know yourself in a hundred battles you will never be in peril you probably won't be leading an army into war but the ability to think clearly will help you keep confident no matter what life throws at you here's just a fraction of what you'll discover inside the critical thinking framework developed by two of the most experienced critical thinking scientists of all time and how to make it your own the reason vhs became a household name and betamax became a household joke ever heard of betamax no there's a reason for that how to shortcut the famous malcom gladwell 10 000 hours rule to become an expert critical thinker fast the 7 qualities of a critical thinker how many do you have right now what a ww2 pilot and the people of romania can teach you about critical thinking this is the key to not making huge mistakes how to identify fake news and misinformation learn this and you'll have a massive leg up on almost everyone around you right now how coca cola committed one of the biggest marketing flops of all time by failing to think critically actionable easy exercises to drill home every point covered in the novel you won't read and forget this book and much much more

from the desk of the how to junkie for the critical thinking junkie howdy friend who wants to develop critical thinking in the old days where famous greek philosophers like socrates plato and aristotle would congregate in the public square agora of athens people from all over would gather around to listen attentively to their enlightening thoughts why would people put their fate and trust in the credibility of these great orators words that's because they all had exceptional critical thinking abilities to be able to decipher fact from fiction to understand true from false and derive at insightful conclusions but wait why should i care i have zero interest in being a philosopher you say well think about it for a second critical

thinking is a skill you can use and have to improve your day to day function and productivity by allowing you to think sharply and clearly to easily solve problems and make better decisions within your life shall we say more there are just immense benefits to being a better critical thinker but how do you go about developing your critical thinking skills by being a critical thinking junkie you will know how to evaluate your own critical thinking process by going through the 5 self critiquing methods how to apply the existentialism gap to take control of your thoughts from making rash irrational decisions how to avoid the trap and danger of poor judgment by not being able to see viewpoints from every angle how to switch your brain around from the old way of thinking that may not have been working out for you to a better way how to think interdependently with other people involved to challenge you to push the boundary of your thoughts and full satisfied junkie more if you are still wondering why you would need critical thinking skills then you aren't thinking critically enough to see how much your life could improve when you start having more aha moments and better life choices so be the critical thinking junkie signing off your friend the how to junkie
