live life like hank moody there s no such thing as a two hour orgasm or my lesser work
you re shit out of luck hank moody a lot of people want to be like hank moody the style
girls looks and general aura is enough to send half of the population wild and the other
half running to the hills away from territory where a barely if at all functioning reckless
sociopath alcoholic child man can become a sex symbol this is america the grass is
green and the other grass causes a lot more interest and this is california all the girls are
pretty or they re taken away and at best killed or at worst shipped to portland
presumably but if you can t beat them join them then at least you ll probably still have
the option to beat off if you can t see the metaphor it s your own fault and l a moore s
book on becoming hank moody is one of the very best of its genre as a self help book
built around the imagined life of a fictional character it doesn t teach you how to
become fiction but it will show you the mystical method to becoming more like america
s favourite sex crazed modern romantic this great guide is helpfully separated into
different sections or if you re the literary type chapters which each talk about a
different part of hank s life and how to best imitate it mostly simply to fuck beautiful
women but also to explore what life has to offer celebrate excellent friendships see
how much love booze drugs and life can tear you apart and getting the right style so
you look much much better than what you actually are isn t that what confidence is
anyway confidence is maybe above everything else what hank moody is truly made of
and therefore that s what this book focuses more on than anything else of course there

are stacks of books out there on the internet or even presumably in people's book collections that will claim to be able to teach you to be confident but this is where moore's book differs it won't teach you to be confident it'll teach you to teach yourself this is about hank moody and his life and how you might be able to copy it it's not about you nobody wants to write about you that's why you want to be like hank moody as the man himself says i can't teach you how to write and anybody who says they can is full of shit in a similar way nobody can teach you how to be confident you have to work that out all on your own this book will certainly help though similarly nobody's going to teach you how to get all of the beautiful women those who know are a little bit busy fucking but watching them do it pulling not fucking that's a different thing will be immensely helpful with your own learning process remember though he may be easy but he's not sleazy enjoy the book

i can draw a euphoric warmth into my body straight from thin air it's the same euphoria you get after a great workout often called a runner's high as you are well aware that warm pleasant feeling isn't just your body heating up from exercise it's a surge of joy and vitality that starts in your chest and spreads throughout your body lifting your spirits we actually feel different versions of this warmth in all sorts of happy moments soaking up the sunshine hugging someone we love or being blown away by an amazing piece of art in this preface i'll show how these seemingly unrelated experiences are actually different forms of the same thing all originating from a single source god surprisingly everything that makes life breathtakingly beautiful and gives us goosebumps can be traced all the way back to before the big bang however this profound existential insight is not going to be the book's most crucial aspect what's really fascinating is that even while perfectly still in a dark and freezing room without any external stimuli or another person i can generate this same blissful warmth within a few breaths you've probably heard of monks who can sit on ice for hours without feeling cold this isn't some superhuman ability it's the result of deep meditation far beyond anything a meditation app can offer that's why monks often choose solitude to immerse themselves fully in this nourishing energy letting it embrace them for days and nights however i believe this warmth isn't meant to be kept for oneself it should be shared and transformed into something even greater so in my part of the story i'm excited to share this book with all of you explaining everything as clearly and simply as

possible from how these experiences connect to god to how you can tap into this cosmic source of euphoria yourself you are welcome to share it with friends neighbors or even your local barista my hope is that it reaches those who need it most
