this is a completely new and revised edition of the general aviation handbook long
overdue since it has been over 10 years since the last edition was published this
edition is fully revised and updated and contains 10 years worth of updated material
including the addition of a number of manufacturers and aircraft which were omitted
from earlier editions for various reasons aircraft new to this edition include the so
called heavy microlights which are now an important part of the worldwide light
aircraft scene about 90 percent of the photos are new and larger page size provides
greater space for large data tables and photos previous editions have been strong
sellers this is the main reference book on this important sector of the aviation world
and this new edition will be welcomed by both aviation enthusiasts and those
involved in the aviation industry

this is a comprehensive reference to every type and manufacturer of business and
light aircraft constructed in the western world since world war ii

if you ever wanted to have an all in one place aviation book here it is and it s got it all
fascinating information about every aspect of flying historical modern recreational
military and commercial

highly acclaimed for its comprehensive coverage of the aviation industries and their
products from the turn of the century to the present this popular series includes an
abundance of photos and highly accurate line drawings each volume provides
fascinating evaluations of aircraft design and construction and complete histories of
aircraft manufacturers
