kohut s twinship across cultures the psychology of being human chronicles a 10 year voyage in which the authors struggled initially independently to make sense of kohut s intentions when he radically re defined the twinship experience to one of being human among other human beings commencing with an exploration of kohut s work on twinship and an illustration of the value of what he left for elaboration togashi and kottler proceed to introduce a new and very different sensitivity to understanding particular psychoanalytic relational processes and ideas about human existential anguish trauma and the meaning of life together they tackle the twinship concept which has often been misunderstood and about which little has been written uniquely the book expands and elaborates upon kohut s final definition being human

among other human beings it problematizes this apparently simple concept with a wide range of clinical material demonstrating the complexity of the statement and the intricacies involved in recognizing and working with traumatized patients who have never experienced this feeling it asks how a sense of being human as opposed to being described as human can be generated and how this might help clinicians to better understand and work with trauma written for psychoanalysts and psychoanalytic psychotherapists interested in self psychological intersubjective and relational theories twinship across cultures will also be invaluable to clinicians working in the broader areas of psychoanalysis psychotherapy social work psychiatry and education it will enrich their sensitivity and capacity to understand and treat traumatized patients and the alienation they feel among other human beings

this book represents a unique indispensable reflection on the interconnection between empathy and ethics to what extent is it right to be empathetic can empathy be unethical or is there an ethical obligation to be empathetic do we educate our citizens and train our professionals to use the right form of empathy phenomenological ethics is a relatively new approach to ethics whose emphasis is put on the description of the lived experience and the ethical phenomenon the essays offer phenomenological descriptions of the thorny problem pertaining to the interconnection of empathy and ethics essential for professionals and scholars of different fields such as philosophy psychiatry health science psychology and sociology contributors michael agostinelli jr elodie boubilil francesca brencio manuel camassa scott d churchill nicolas de warren craig derksen john j drummond Ingrid vendrell ferran jannik m hansen simon høffding joel krueger carlos lobo esteban marín Ávila alexander montes dermot moran henning nörenberg tone roald eva schwarz andrea staiti joona taipale stefano vincini maren wehrle dan zahavi

saivism is one of the pervasive expressions of indian religious culture stretching to the dim past of pre history and surviving as a living force in the thought and life of millions of hindus especially in southern india and northern ceylon the present work is scholarly reconstruction of saivism in its characteristic and classical form as saiva siddhanta focusing mainly on the philosophical doctrine and presenting a conceptual analysis of its formative notions problems and methods anteceding the rise of the great systems of vedanta including that of sankara saiva siddhanta in its fully systematised form as mystical theology in the thirteenth and fourteenth centuries represents a constructive reaction to the theological ethical and aesthetic aspects of vedanta as a whole a patient study of this much neglected phase of religio philosophical development of india should prove useful for a more balanced understanding of indian religiosity providing a corrective to the view entertained not without justification that indian religious thought does not affirm the values of freedom love and personality this methodical study appended with very exhaustive glossary bibliography and index and two hundred pages of references and foot notes is designed to meet the requirements of serious students of eastern religious thought
