unlock a treasure trove of learning make room for belonging in school belonging is an
instinctual feeling you know when you feel it and you really know when you don't
creating a sense of belonging in the classroom has a significant impact on student
learning and well being it serves as a gatekeeper for other aspects of learning to take
root but how do we create classrooms and schools where every student knows they
belong this easy to use illustrated playbook has you covered 11 evidence based modules
feature actions and strategies that teachers can apply to help students feel more included
interactive features such as essential questions and reflective prompts are designed to

engage educators and deepen their understanding of the importance of connection and belonging in a student's educational experience readers will find detailed coverage of the 11 dimensions of belonging evidence based actions in every module to help foster belonging balanced between elementary and secondary levels interactive features like essential questions two truths and a lie case in point what's your advice and what's next to facilitate engagement and reflection a highly visual illustrated style to promote comprehension and information retention by utilizing this playbook's strategies to create environments where students feel a sense of belonging educators can help improve learning outcomes and academic performance while supporting the overall well being of their students

unraveled is a 30 day devotional that focuses on developing spiritual emotional and mental growth from a biblical perspective the devotions sole purpose is leading individuals into a deeper intimate relationship with christ every devotion is geared to inspire encourage and motivate the reader to take a deeper look at the individual in the mirror and examine their relationship with christ the devotions inside this book are relevant to anyone in all walks of life christ tells us to come to him as we are and as we follow him we start to lose more of our identity and find our true identity in him it is my sincere prayer that as you read the devotions written in this book that god's holy spirit will lead lead you into a deeper knowledge and relationship with christ for god's glory

develop a sense of safety and connection in our youth research shows that a sense of belonging has a profound effect on the physical mental and social well being of children and adolescents yet current events including the decline of community and rising tensions over racial and economic inequalities have endangered that fragile and critical component and nowhere is this felt more acutely than in schools in belonging the author who has spent decades working with the most challenging students provides research based strategies to strengthen relationships build inclusive classrooms develop trust and foster a sense of psychological safety readers will find vignettes demonstrating how belonging applies to a variety of learning contexts research around mindsets the development of empathy and community building sections dedicated to equity and inclusion strategies teachers can directly apply in their classrooms with his deep knowledge of education behavior and neuroscience dustin bindreiff provides a fresh look at the troubling issues our students face and provides practical strategies for building a more hopeful future

place matters for good and bad infinitely diverse in form place embodies the action settings where social life happens often fighting to preserve a sense of group belonging

in the process we design places to reflect our values and interests with an eye on our rapidly changing world people places and belonging explores how social realities at every level are affected by the places we collectively forge across various social domains the book shows how place related circumstances can promote personal empowerment civic engagement and social and environmental justice discussing places that affect personal and social well being including homes communities vehicles and the metaverse william marsiglio illustrates how a web of social processes involving claims attachments rituals and transitions can structure our experiences in place the author argues that we can use decision making principles to enhance our attachments encourage supportive rituals smooth out transitions and manage claims with less conflict and more social justice armed with a heightened place consciousness and ethical principles people places and belonging ultimately posits that we must individually and collectively build places that enrich our lives celebrate the communal spirit and foster social equity and ecological justice

European memory institutions are repositories of a wealth of rare documents that record public domain content these documents are often stored in dark archives to which members of the public are granted limited access resulting in the public domain content recorded therein being relegated to a form of forgotten knowledge digitisation offers a means by which such public domain content can be made speedily and easily accessible to users around the world for this reason it has been hailed as the harbinger of a new digital renaissance this book examines the topical issue of the need to preserve exclusivity over digitised versions of rare documents recording public domain content based on data gathered through an empirical survey of digitisation projects undertaken by fourteen memory institutions in five European Union member states it argues for the introduction of exclusive rights in digitised versions of rare documents recording public domain textual content as a means of incentivising private sector investment in the digitisation process it concludes by presenting a detailed proposal for a European Union regulation that would grant memory institutions a limited term related right in digitised versions of rare documents held in their collections subject to stringent exceptions and limitations that are designed to safeguard user interests

this edited volume investigates how the role of leadership in education in various countries from around the world have been designed and implemented through educational policies and national cultures to meet the needs of new displaced and mobile groups of migrants and refugees
