sentiments of group pride and solidarity when criollos praised americano saints he explains they also called attention to their own virtues and achievements morgan analyzes the printed hagiographies of five new world holy persons blessed sebastián de aparicio mexico st rosa de lima peru st mariana de jesús ecuador catarina de san juan mexico and st felipe de jesús mexico through close readings of these texts he explores the significance of holy persons as cultural and political symbols by highlighting this convergence of religious and sociopolitical discourse morgan sheds important light on the growth of spanish american self consciousness and criollo identity formation by focusing on the biographical process itself morgan demonstrates the importance of reading each hagiographic text for its idiosyncrasies rather than its conventional features his work offers new insight into the latin american cult of saints inviting scholars to look beyond the isolated lives of individuals to the cultural and social milieus in which their sanctity originated and their public reputations took shape
