in recent years several of america's leading art museums have voluntarily given up their  
finest pieces of classical art to the governments of italy and greece the monetary value is  
estimated at over half a billion dollars why would they be moved to such unheard of  
generosity the answer lies at the getty one of the world's richest and most troubled  
museums and scandalous revelations that it had been buying looted antiquities for decades  
drawing on a trove of confidential museum records and frank interviews felch and  
frammolino give us a fly on the wall account of the inner workings of a world class  
museum and tell the story of the getty's dealings in the illegal antiquities trade the  
outlandish characters and bad behavior could come straight from the pages of a thriller the  
wealthy recluse founder the cagey italian art investigator the playboy curator the narcissist  
ceo but their chilling effects on the rest of the art world have been all too real as the authors  
show in novelistic detail fast paced and compelling chasing aphrodite exposes the layer of  
dirt beneath the polished façade of the museum business
