breathes new life into shakespeare's story by establishing fresh interpretations of his baptism evidence pertaining to his father his wedding his home his will and his monument

war after death considers forms of violence that regularly occur in actual wars but do not often factor into the stories we tell about war which revolve invariably around killing and death recent history demonstrates that body counts are more necessary than ever but the fact remains that war and death is only part of the story an essential but ultimately subordinate part beyond killing there is no war without attacks upon the built environment ecosystems personal property artworks archives and intangible traditions destructive as it may be such violence is difficult to classify because it does not pose a grave threat to human lives nonetheless the book argues that destruction of the nonhuman or nonliving is a constitutive dimension of all violence especially forms of extreme violence against the living such as torture and rape and it examines how the language and practice of war are transformed when this dimension is taken into account finally war after death offers a rethinking of psychoanalytic approaches to war and the theory of the death drive that underlies them

equality has long been among the most potent of human ideals and it continues to play a prominent role in political argument views about equality inform much of the debate about wide ranging issues such as racism sexism obligations to the poor or handicapped relations between developed and developing countries and the justification of competing political economic and ideological systems temkin begins his illuminating examination with a simple question when is one situation worse than another regarding inequality in exploring this question a new approach to understanding inequality emerges temkin goes against the common view that inequality is simple and holistic and argues instead that it is complex individualistic and essentially comparative he presents a new way of thinking about equality and inequality that challenges the assumptions of philosophers welfare economists and others and has significant and far reaching implications on a practical as well as a theoretical level
