this book covers the following topics a big myth list of prepositions ending a sentence with a preposition about against at by for from in into of on out to upon with example sentences when to end a sentence with a preposition situation 01 interrogative sentences situation 02 passive voice sentences situation 03 infinitive structures situation 04 relative clauses situation 05 phrasal verbs how to avoid ending a sentence with a preposition option 01 restructuring the sentence option 02 using a different word avoid unnecessary use of prepositions additional examples exercises 1 a and 1 b exercises 2 a and 2 b sample this it is said we should avoid ending a sentence with a preposition a preposition should be placed before a noun or a pronoun the word preposition expresses position before so it is improper to place a preposition at the end this is however not a rule you can use a preposition to end a sentence with here you will learn when you can use a preposition at the end of a sentence and how you can avoid using a preposition at the end of a sentence as there is no hard and fast rule regarding the use of a preposition at the end of a sentence so whether you use it or not at the end of a sentence it is your choice but as most people avoid the excessive use of prepositions at the end of sentences you can

follow suit and may use them only when they give strength to your language some words on off over etc may be used as both prepositions and adverbs however everyone can t easily differentiate between a preposition and an adverb so whenever they see these words at the end of sentences they think that they are prepositions as most people are averse to the idea of using prepositions at the end of sentences they even don t use these words as adverbs at the end of sentences actually it is a myth that you shouldn t use a preposition at the end of a sentence using a preposition at the end of a sentence is not grammatically incorrect you can end your sentences with prepositions sometimes using a preposition at the end of a sentence seems better than using it in the middle or beginning of a sentence ending a sentence with a preposition about an ad agency s job is to take a brand to consumers and communicate the proposition well to them so that they understand what the brand is all about could you tell me what he was on about for the last 5 years he has been part of the corruption in our country that we are angry about governor said even clerical staff could easily address some of the complaints that students were approaching him about he warned her against commenting on things he is not authorized to speak about her success is all everybody in the town is talking about how did the company come about how did this all come about i decided to leave my career and concentrate my energies on an area that i was passionate about i do not know which video you are talking about intimate details of his life have been flung about there are many healthcare centers worth talking about this is the player i told you about this is what the fight is about what are all these girls doing about what are you getting upset about what are you thinking about what did you want to read about what do they want to talk about
