jews have sometimes been reluctant to claim jesus as one of their own christians have often been reluctant to acknowledge the degree to which jesus message and mission were at home amidst and shaped by the judaism s of the second temple period in the jewish teachers of jesus james and jude david desilva introduces readers to the ancient jewish writings known as the apocrypha and pseudepigrapha and examines their formative impact on the teachings and mission of jesus and his half brothers james and jude knowledge of this literature desilva argues helps to bridge the perceived gap between jesus and judaism when judaism is understood only in terms of the hebrew bible or old testament and not as a living growing body of faith and practice where our understanding of early judaism is limited to the religion reflected in the hebrew bible jesus will

appear more as an outsider speaking against judaism and introducing more that is novel where our understanding of early judaism is also informed by the apocrypha and pseudepigrapha. Jesus and his half brothers appear more fully at home within judaism and giving us a more precise understanding of what is essential as well as distinctive in their proclamation. This comparative study engages several critical issues: how can we recover the voices of Jesus, James, and Jude from the material purporting to preserve their speech? How can we assess a particular text's influence on Jews in early first-century Palestine? How can we be sufficiently sensitive to the meanings and nuances in both the text presumed to influence and the text presumed to be influenced so as not to distort the meaning of either? The result is a portrait of Jesus that is fully at home in Roman Judea and Galilee and perhaps an explanation for why these extra-biblical Jewish texts continued to be preserved in Christian circles.

Alexandra Robinson examines the Letter of Jude in the light of repeated scholarly references to this source as an invective, a polemic, and an attack speech with a dependence on both Jewish and Greco-Roman sources. Moving beyond the Hellenism/Judaism divide, Robinson specifies what these elements are and how they relate to the harsh nature of the discourse. This study shows how and why Jude borrows from these contemporary genres with a detailed survey of Greco-Roman invectives and Jewish judgement oracles, comparing and contrasting them to the Epistle of Jude with consideration of structure, aims, themes, and style. Robinson argues that Jude has constructed a Jewish invective and that his epistle is a polemical text which takes the form, structure, aims, and style of a typical Greco-Roman invective but is filled with Jewish content, themes, and allusions drawing on Israel's heritage for the benefit of his primarily Jewish Christian audience.

Ethical Admonition in the Epistle of Jude examines the twofold ethical admonition found in this short and often neglected New Testament letter. Using a model suggested from the discipline of Christian ethics, this study demonstrates how the author of Jude argues for the exercise of judgment and mercy in the early Christian community.
