we all have questions who actually built the pyramids what happens after we die who  
 created crop circles and why nostradamus the healer the prophet the man cleopatra the  
 women behind the legend who actually controls humanity if nikola tesla was so  
 important why is he so forgotten what is the purpose of life but who has the answers  
 without a doubt author roman harambura believes we hold the answers within our  
 imagination the greatest gift of all the universe he explains is filled with life and  
 human beings are not alone earth our home is simply one planet in a sky filled with  
 thousands of universes each with the potential to harbor life beyond our human ability  
 to understand if we can simply come to accept and embrace the fact that we are just  
 one small part of the inconceivably vast miracle of life across the stars our own world

would change imagination in harambura s experience is our greatest gift in his the book of knowledge i am alien he shares an eclectic and thought provoking array of ideas to inspire engage and capture your imagination as expressed by a being known as kuntarkis the hundreds of lessons insights and experiences within are intended to instigate your own questions and journey of discovery kuntarkis also answers questions submitted by people from all over the world this book is highly recommended for those who are seeking a broader understanding not just about their own lives but life in all aspects

hectar is a very old vampire by his own standards he is also very knowledgeable about his kind in his own opiniion this book was written by hectar to alleviate the problem of young vampires seeking him out to ask questions that most young vampires have barring his ego and that some of his knowledge is flawed it s a rather enjoyable read

have you ever thought what the world would be like if i didnt carry that sack and make that sleigh ride each year i know one thing there wouldnt be a need for a naughty and nice list anymore can you imagine all those children and their sad little faces i could never give up this cause because the children are so angelic with those bright and cheery smiles when they look at you or the presents you leave on christmas morning santa claus

an illustrated encyclopedia focusing on the arts biographies human biology countries and states government history mathematics natural and physical sciences sports and technology

the circle of knowledge is an informative book that was designed in 1917 to be both inspiring and entertaining the book represents the modern progressive spirit which fits that time in its forms of expression and its editorship the purpose of this work is to answer the why who what when where how of the wide majority of curious minds both young and adult and encourage them to raise further questions special measures were taken in creating this work to isolate essentials from non essentials to differentiate human interest subjects of universal significance from those of little concern to deliver living truths instead of dead vocabulary and finally to bring the whole within the knowledge of the intermediate reader without regard to age in an acceptable and exciting form the use of visual outlines and tables maps drawings and diagrams the illustrated works of great painters sculptors and architects all are used to give the reader the valuable and cultural knowledge of past and present

intended as a basic reference source for nature science and technology and people and places suggested level primary intermediate
