the journal of evidence based practices for schools is a leader in publishing research to  
practice articles for educators and school psychologists the mission of this journal is to  
positively influence the daily practice of school based professionals through studies  
demonstrating successful research based practices in educational settings as a result the

editors are committed to publishing articles with an eye toward improving student performance and outcomes by advancing psychological and educational practices in the schools they seek articles using non technical language that 1 outline an evidence based practice 2 describe the literature supporting the effectiveness and theoretical underpinnings of the practice 3 describe the findings of a study in which the practice was implemented in an educational setting and 4 provide readers with information they need to implement the practice in their own schools in a section entitled implementation guidelines the journal of evidence based practices for schools differs from other scholarly journals in that it features articles that demonstrate empirically based procedures for readers to apply the practice in their setting

nursing theories incorporates the latest theories and research methods in nursing today designed as a tool to help nurses apply concepts and theories to practice this book considers the ideas of well known nursing theorists and relates the work of each to the nursing process
