the sahara is the quintessence of isolation epitomizing both remoteness and severity of environment unlike any other place on the face of the earth replete with myths and fictions it is a wild land dotted with oases and camel trains trudging through sand dunes that roll like the waves on a sea as far as the distant horizon but this is just part of the picture the largest desert in the world the sahara ranges from the river nile running through egypt and sudan in the east to the atlantic coast from morocco to mauritania in the west stretching from the atlas mountains and the shores of the mediterranean in the north to the fluid sahelian fringe that delineates the desert in the south invaders and traders have come and gone for millennia but the sahara is also the place that some people call home while larger than the united states this vast area contains only three million people africans and arabs berber and bedu tuareg and tebu eamonn gearon explores the history culture and terrain of a place whose name is familiar to all but known to few

in the parched and seemingly lifeless heart of the sahara desert earthworms find enough moisture to survive four major mountain ranges interrupt the flow of dunes and gravel plains and at certain times waterfalls cascade from their peaks even the sand amazes massive dunes can appear almost overnight and be gone just as quickly we think we know the sahara the largest and most austere desert on earth yet it is full of surprises as marq de villiers reveals in his brilliant and evocative biography of the land and its people if you traveled across the united states from boston to san diego you still wouldn't have crossed the sahara writes de villiers painting a vivid picture of this most extraordinary place he charts the course of atlantic hurricanes many of which are born in the tibesti mountains of northern chad and offers a fascinating disquisition on the physics of windblown sand and the formation of dunes he chronicles the formation of the massive

aquifers that lie beneath the desert some filled with water that pre dates the appearance of modern man on earth he marvels at the jagged mountains and at ancient cave paintings deep in the desert which reveal that the sahara was a verdant grassland 10 000 years ago a cycle that has been repeated several times woven through de villiers s story is a chronicle of the desert s nations and people the berbers and arabs of the north its black african south whose ancestors peopled the greatest empires of old africa and the extraordinary nomads the moors the tuareg the famous blue men and the tubu who call the desert home today illuminated by the eloquent written testimonies of past travelers sahara is a glittering geographic tour conveying the majesty mystery and abundance of life in what the outside world thinks of as the great emptiness

the sahara is a land of extremes it is the largest hot desert on earth where the sand can reach a whopping 176 degrees fahrenheit 80 degrees celsius it is also a land of mountains plains and snow it is a constantly changing landscape with winds that blast dust halfway around the planet here are some interesting facts we have discovered about the sahara do you know what is the difference between a hot desert and a cold desert are there volcanoes in the sahara how many countries does the sahara cover how does the sahara desert help the amazon rainforest does it snow in the sahara desert find out the answers to these questions and more and amaze your family and friends with these fun facts ages 8 and up all measurements in american and metric reading level 6 9 learning island believes in the value of children practicing reading for 15 minutes every day our 15 minute books give children lots of fun exciting choices to read from classic stories to mysteries to books of knowledge many books are appropriate for hi lo readers open the world of reading to a child by having them read for 15 minutes a day

the sahara is the quintessence of isolation epitomizing both remoteness and severity of environment unlike any other place on the face of the earth replete with myths and fictions it is a wild land dotted with oases and camel trains trudging through

sand dunes that roll like the waves on a sea as far as the distant horizon but this is just part of the picture the largest desert in the world the sahara ranges from the river Nile running through Egypt and Sudan in the east to the Atlantic coast from Morocco to Mauritania in the west stretching from the Atlas mountains and the shores of the Mediterranean in the north to the fluid Sahelian fringe that delineates the desert in the south invaders and traders have come and gone for millennia but the Sahara is also the place that some people call home while larger than the United States this vast area contains only three million people Africans and Arabs Berber and Bedu Tuareg and Tebu Eamonn Gearon explores the history culture and terrain of a place whose name is familiar to all but known to few conquered and cursed from the 50 000 strong army of Cambyses swallowed in a sandstorm in the sixth century BC to the US Marines first foreign engagement in 1805 Hannibal and his elephants Caesar against Anthony and Cleopatra Alexander the Great the armies of Islam Napoleon and Rommel versus Monty myths and mysteries from whales in the White Desert to the arrival of camels in the Great Sand Sea chariots of the gods and colonialists motor cars from the Land of the Dead to Timbuktu salt and gold mines fields of oil and gas and a man made river artists writers and filmmakers from the ancient rock art of the Tassili Frescoes to the modernism of Matisse and Klee from Ibn Battuta to Paul Bowles from Beau Geste's French Foreign Legion to Star Wars

many other topics pedagogical features vignettes in every chapter that provide detailed case studies from a variety of countries and elaborate on key concepts recommendations for further reading on each topic including print and online sources companion website with downloadable powerpoint slides of all original figures photos and tables an extensive glossary

explore the past present and future of the sahara desert beautiful photos fact filled text and engaging infographics help readers learn all about this natural wonder and how to protect it long into the future

the little known history of how the sahara was transformed from a green and fertile land into the largest hot desert in the world the sahara is the largest hot desert in the world equal in size to china or the united states yet this arid expanse was once a verdant pleasant land fed by rivers and lakes the sahara sustained abundant plant and animal life such as Nile perch turtles crocodiles and hippos and attracted prehistoric hunters and herders what transformed this land of lakes into a sea of sands when the sahara was green describes the remarkable history of earth's greatest desert including why its climate changed the impact this had on human populations and how scientists uncovered the evidence for these extraordinary events from the sahara's origins as savanna woodland and grassland to its current arid incarnation martin williams takes us on a vivid journey through time he describes how the desert's ancient rocks were first fashioned how dinosaurs roamed freely across the land and how it was later covered in tall trees along the way williams addresses many questions why was the sahara previously much wetter and will it be so again did humans contribute to its desertification what was the impact of extreme climatic episodes such as prolonged droughts upon the sahara's geology ecology and inhabitants williams also shows how plants animals and humans have adapted to the sahara and what lessons we might learn for living in harmony with the harshest driest conditions in an ever changing global environment a valuable look at how an iconic region has changed over millions of years when the sahara was green reveals the desert's surprising past to

reflect on its present as well as its possible future

the desert is a difficult place in which to live yet 13 percent of the world's people live in desert habitats spectacular photography highlights this series about the world's major desert systems each title focuses on one desert describing its topography climate plant and animal life unique geographical features human cultures and the problems facing the region the sahara desert the biggest hot desert on earth the sahara desert in north africa covers parts of twelve countries more area than the entire united states the sahara has oases scattered widely and sand dunes that can reach as high as 600 feet 182m but the sahara is expanding at an alarming rate as desertification occurs the few areas that can currently be used for farming become barren wastelands the most environmental degradation is found in oases and other areas where there are small amounts of water available have conservation efforts begun in time to help save the people and wildlife who depend on the sahara book jacket

africa south of the sahara is a region in transition the optimism of the early post independence years has long since faded replaced by a pervasive sense of crisis that typically includes slow and often negative economic growth a crushing debt burden hunger and ecological crisis and the virtual collapse of the state in a number of countries at the same time the 1990s have seen recent cause for hope most dramatically in the peaceful transition to black majority rule in south africa this much needed text provides a broad and balanced introduction to the geography of this vast region examining sociocultural political and economic processes patterns of resource utilization and the dynamics of change in africa's geography the text is enhanced by vivid case studies maps and photographs also featured are lists of recommended reading and a glossary of key terms

in the conquest of the sahara douglas porch tells the story of france's struggle to explore and dominate the great african desert at the turn of the century focusing on the conquest of the ahaggar tuareg a berber people living in a mountain area

in central sahara he goes on to describe the bizarre exploits of the desert s explorers and conquerors and the incompetence of the french military establishment porch summons up a world of oases desert forts and cafés where customers paid the dancer by licking a one franc piece and sticking it on her forehead the conquest of the sahara reveals the dark side of france s civilizing mission into this vast terrain and at the same time weaves a rich tale of extravagant hopes genius and foolhardiness
