the word renaissance means rebirth and the most obvious example of this phenomenon was the regeneration of europe s classical roman roots the renaissance began in northern italy in the late 14th century and culminated in england in the early 17th century emphasis on the dignity of man though not of woman and on human potential distinguished the renaissance from the previous middle ages in poetry and literature individual thought and action were prevalent while depictions of the human form became a touchstone of renaissance art in science and medicine the macrocosm and microcosm of the human condition inspired remarkable strides in research and discovery and the earth itself was explored situating europeans within a wider realm of possibilities organized thematically the handbook to life in renaissance europe covers all aspects of life in renaissance europe history religion art and visual culture architecture literature and language music warfare commerce exploration and travel science and medicine education daily life

in this updated edition of his classic account charles nauert charts the rise of humanism as the distinctive culture of the social political and intellectual elites in renaissance europe he traces humanism s emergence in the unique social and cultural conditions of fourteenth century italy and its gradual diffusion throughout the rest of europe he shows how despite its elitist

origins humanism became a major force in the popular culture and fine arts of the fifteenth and sixteenth centuries and the powerful impact it had on both the protestant and catholic reformations he uses art and biographical sketches of key figures to illuminate the narrative and concludes with an account of the limitations of humanism at the end of the renaissance the revised edition includes a section dealing with the place of women in humanistic culture and an updated bibliography it will be essential reading for all students of renaissance europe

this volume is devoted to the spheres in which conflict and rivalries unfolded during the renaissance and how these social cultural and geographical settings conditioned the polemics themselves this is the second of three volumes on renaissance conflict and rivalries which together present the results of research pursued in an international leverhulme network the underlying assumption of the essays in this volume is that conflict and rivalries took place in the public sphere that cannot be understood as single all inclusive and universally accessible but needs rather to be seen as a conglomerate of segments of the public sphere depending on the persons and the settings involved the articles collected here address various questions concerning the construction of different segments of the public sphere in renaissance conflict and rivalries as well as the communication processes that went on in these spaces to initiate control and resolve polemical exchanges

the new edition of this classic history examines the political economic social religious and cultural life of europe at the height of the renaissance j r hale not only records the events of 1480 1520 but also suggests what it was like to have lived in this period he provides readers with an understanding of the quality of lives of people living at this time and includes processes and personalities not often covered by other books for the second edition professor michael mallet provides an updated bibliography and an extended introduction explaining the book s place in the historiography of the subject the book is arranged

thematically each chapter designed to provide information about a specific field of inquiry and also give an insight into the people of this era j r hale investigates how these people felt about their environment and the passage of time their relationships with government and other institutions from the church to the family their economic frameworks the part religion played in their lives and what cultural and intellectual pursuits were available to them renaissance europe compares our own attitudes to those of the renaissance and vice versa thereby enriching the readers understanding of everyday life in the past

the renaissance is usually portrayed as a period dominated by the extraordinary achievements of great men rulers philosophers poets painters architects and scientists leading scholar margaret king recasts the renaissance as a more complex cultural movement rooted in a unique urban society that was itself the product of many factors and interactions commerce papal and imperial ambitions artistic patronage scientific discovery aristocratic and popular violence legal precedents peasant migrations famine plague invasion and other social factors together with literary and artistic achievements therefore today s renaissance history includes the study of power wealth gender class honour shame ritual and other categories of historical investigation opened up in recent years tracing the diffusion of the renaissance from italy to the rest of europe professor king marries the best work of the last generation of scholars with the findings of the most recent research including her own ultimately she points to the multiple ways in which this seminal epoch influenced the later development of western culture and society jacket

exploring every aspect of art philosophy politics life and culture between 1450 and 1620 this enthralling panorama examines one of the most fascinating and exciting periods in european history a rich dense book which combines inspiring generalizations with idiosyncratic detail the spectator photos

introduces the various elements of renaissance life including religion trade education arts and clothes

with italy at its centre but encompassing the whole of renaissance europe this evocative history challenges some of the popularly held views on the renaissance period in particular whilst always acknowledging the brilliance and exuberance of renaissance culture robin kirkpatrick draws equal attention to the strangeness and often unresolved tensions that lay beneath the surface of that culture insisting on a european rather than purely italian viewpoint he embraces renaissance thinking and culture in all its diversity from northern thinkers such as cusanus luther and calvin to the painting of van der weyden and el greco and the music of the flemish musicians josquin des prez and orlando lassus special attention is also paid to the unique contribution made by margueritte of navarre to the development of humanist culture the book concludes with a study of shakespeare in which his plays are viewed as a searching critique of some of the main principles of renaissance culture
