the authors trace out the development of capitalism and U.S. imperialism in Latin America in the latest phase of this development from the installation of the new world order of neoliberal globalization in the early 1980s to the present when U.S. imperialism is

held at bay neoliberalism is in decline and capitalism is in crisis

this groundbreaking text explores the dramatic evolution in latin american social movements over the past fifteen years leading scholars examine a variety of cases that highlight significant shifts in the region first is the breakdown of the washington consensus and the global economic crisis since 2008 accompanied by the rise of new paradigms such as *buen vivir* living well second are transformations in internal movement dynamics and strategies especially the growth of horizontalism *horizontalidad* which emphasizes non hierarchical relations within society rather than directly tackling state power third are new dynamics of resistance and repression as movements interact with the pink tide rise of left of center governments in the region exploring outcomes and future directions the contributors consider the variations between movements arising from immediate circumstances such as oaxaca's 2006 uprising and brazil's 2013 bus fare protests and longer lasting movements *vía campesina* brazil's mst and mexico's zapatistas assessing both the continuities in social movement dynamics and important new tendencies this book will be essential reading for all students of latin american politics and society contributions by marc becker george ciccarello maher kwame dixon fran espinoza daniela issa nathalie lebon maurice rafael magaña maría elena martinez torres sara c motta leonidas oikonomakis suyapa portillo villeda peter m rosset marina sitrin rose j spalding richard stahler sholk alicia swords harry e vanden and raúl zibechi

an introduction to twenty first century latin america early history democracy and dictators a historical overview from independence to the present day the other americans society family and gender religion in latin america the political economy of latin america democracy and authoritarianism latin american political culture politics power institutions and actors struggling for change revolution social and political movements in latin america u s latin american relations mexico nora hamilton and patrice olsen argentina aldo c vacs brazil wilber albert chaffee chile eduardo silva colombia john c dugas venezuela daniel hellinger bolivia waltraud q morales and annabelle conroy cuba gary prevost guatemala susanne jonas and harry e vanden nicaragua gary prevost and harry e vanden appendix 1 presidential elections appendix 2 recent legislative elections

the essays included in this volume provide both an assessment of key areas and current trends in sociology specifically with regard to contemporary sociology in latin america as well as a collection of innovative empirical studies the volume serves as an effective bridge of communication allowing sociological academies to mobilize and disseminate research dynamics from latin america to the rest of the world

during the last decade latin american social movements have brought about a profound transformation in the nature and practice of

protest and collective action this book surveys the full spectrum of movements in latin america today from peasant and squatter movements to women s and gay movements as well as environmental and civic movements examining how this diverse mosaic of emergent social actors has prompted social scientists to rethink the dynamics of latin american social and political change whereas the prevailing theories of social movements have largely drawn on western cases this volume includes the work of prominent latin american scholars and incorporates analytical perspectives originating in the region contributors discuss the three dimensions of change most commonly attributed to latin american social movements in the 1980s their role in forging collective identities their innovative social practices and political strategies and their actual or potential contributions to alternative visions of development and to the democratization of political institutions and social relations this interdisciplinary text provides both specialists and students of social movements with a unique comprehensive and accessible collection of essays that is unprecedented in theoretical and empirical scope it will be useful in a wide range of graduate and advanced undergraduate courses in latin american studies comparative politics sociology and anthropology development studies political economy and contemporary political and cultural theory

placing latin america offers a thematic approach to the study of the diverse geographies of a globalizing region this comprehensive text focuses on the dynamic connections between people places and environments rather than on predefined notions about the region the book s well rounded and accessible analysis includes discussions of borders and migration transnationalism and globalization urbanization and landscapes of cities the connections between economic development and political change the physical environment and human environmental interactions and natural resources in the context of a global economy the authors also explore social and cultural themes such as the illegal drug trade social movements tourism and children and young people providing a nuanced and clear perspective this book will be an invaluable guide for all those interested in the politics economy and society of a rapidly changing continent

fully updated for the third edition contemporary latin america provides an accessible concise introduction to the region historical context the countries and their peoples provides a backdrop to broad ranging coverage of politics economy society and culture and the continent s prospects today

social movements play a significant role in the political and social landscape of latin america they emanate from different sections of society and are motivated by many different concerns including workers rights agrarian and land reform the rights of indigenous peoples gender inequality and the fight against environmental degradation ronaldo munck explores the mosaic of interlocking and connected issues that make up the complex map of social movements in latin america and shows why despite being a fragmented political force these movements are at the centre of any future progressive politics in the region as such they require careful understanding and he suggests a more nuanced theoretical approach than previous studies have offered combining insights from latin american approaches to social movement theory and detailed empirical case studies the book provides readers with an

understanding of the vital role social activism plays in the region and offers students the methodological tools to develop their own research agendas

new views on cuba s solidarity with revolutionaries in latin america insights from a key participant in these movements cuba did not betray che guevara manuel pineiro known as barba roja red beard was a figure of great mystery for decades as head of the cuban communist party s americas department he oversaw cuba s operations in support of liberation movements on every continent especially latin america and africa pineiro was one of che guevara s closest collaborators responsible for his missions to the congo and bolivia he later went on to work with revolutionaries in chile nicaragua el salvador and many other latin american countries on the 30th anniversary of che s death pineiro spoke out publicly for the first time this book includes many extraordinary new revelations about cuba s role in latin america and some profound insights into che guevara s life and legacy pineiro discusses the recent biographies of che and che s legacy today he answers the accusations made by some biographers and others that cuba betrayed che in bolivia american revolutions and assesses the causes and significance of the collapse of the socialist bloc my first encounter with che was in the sierra arriving at the guerrilla camp i heard screaming and saw our doctor che determined to extract a peasant s tooth with a pair of pliers at that moment i swore never to fall into that man s hands manuel pineiro

this clearly written and comprehensive text examines the uprising of politically and economically marginalized groups in latin american societies specialists in a broad range of disciplines present original research from a variety of case studies in a student friendly format part introductions help students contextualize the essays highlighting social movement origins strategies and outcomes thematic sections address historical context political economy community building and consciousness ethnicity and race gender movement strategies and transnational organizing making this book useful to anyone studying the wide range of social movements in latin america

drawing from a wide spectrum of disciplines the essays in this collection examine in different national contexts the consequences of the latin american multicultural turn in afro latino social movements of the past two decades

this handbook covers social movement activities in latin american countries that have had profound consequences on the political culture of the region it examines the developments of the past twenty years such as a renewed upswing in popular mobilization the ending of violent conflicts and military governments new struggles and a relatively more democratic climate it shows that from southern chiapas to argentina social movements in the 1990s and especially in the 2000s have reached new heights of popular participation there is a lack of research on the politics of this region in the contemporary era of globalization this volume partially fills the void and offers a rich resource to students scholars and the general public in terms of understanding the politics of mass mobilization in the early twenty first century the contributors each address social movement activity in their own nation and together they present a multidisciplinary perspective on the topic each chapter uses a case study design to bring out the most

prominent attributes of the particular social struggle s for instance the main protagonists in the campaigns the grievances of the population and the outcomes of the struggles this handbook is divided into seven substantive themes providing overall coherence to a broad range of social conflicts across countries issues and social groups these themes include 1 theory of latin american social movements 2 neoliberalism 3 indigenous struggles 4 women s movements 5 movements and the state 6 environmental movements and 7 transnational mobilizations
