ginwright examines the role of community based organizations cbos in the lives and development of black urban youth the author argues that these organizations have the potential to provide a powerful influence in how young people choose to participate in schooling and civic life ginwright bases his observations on a five year study of a cbo he created in oakland california the book shows readers that the lives of poor black urban youth are not quite as determined by locale and income as more deterministic readings have argued and that there is real hope for positive change in these urban communities

publisher description

the companion book to the pbs series a timeline and chronicle of the fifty years of black history in the u s in more than 350 photos beginning with the assassination of malcolm x in february 1965 and still i rise explores a half century of the african american experience more than fifty years after the passage of the civil rights act and the birth of black power the united states has had a black president and black ceos running fortune 500 companies as well as a large black underclass beset by persistent poverty inadequate education and an epidemic of incarceration harvard professor and scholar henry louis gates jr raises disturbing and vital questions about this dichotomy how did the african american community end up encompassing such profound contradictions and what will the black community mean tomorrow gates takes readers through the major historical events and untold stories of

the years that have irrevocably shaped both the african american experience and the nation as a whole from the explosive social and political changes of the 1960s into the 1970s and 1980s eras characterized by both prosperity and neglect through the turn of the century to today taking measure of such racial flashpoints as the tawana brawley case oj simpson s murder trial the murders of amadou diallo and trayvon martin and debates around the nypd s stop and frisk policies even as it surveys the political and social evolution of black america and still i rise is also a celebration of the accomplishments of black artists musicians writers comedians and thinkers who have helped to define american popular culture and to change our world the chronology is richly illustrated with images both iconic and seldom seen making this especially useful as a visual reference for readers too young to have scenes from the early years burned into their memories a poignant reminder of how far we have come and have yet to go kirkus reviews

sociologist and anthropologist blanchard chronicles the evolution of the anti abortion movement in the us from the modest efforts mostly by priests and other catholics in the 1960s through the major liberalizing court decisions to the volatile and often violent protests of the 1990s he says the single most important development has been the merging of the movement with the conservative political ideology of cultural fundamentalism paper edition unseen 14 95 annotation copyright by book news inc portland or

peffer s memoir describes the development of populism the political maneuverings and campaign practices of the people s party the effect of the famous silver movement on the critical election of 1896 and the behind the scenes conflict that ultimately led to the dissolution of america s last great third party

liz truss s journey from schoolgirl revolutionary to britain s shortest serving prime minister

this work uses social movement theory to explain the increased political power of islam in sudan

this is much more than a story of a single case it provides a panoramic overview of the role of work in women s lives a succinct history of employment discrimination law and a penetrating analysis of the evolution of our views of sexual harassment in the workplace karen o connor author of women politics and american society after vinson nothing was the same cochran does a masterful job of setting the case in its historical context and exploring its legal impact judith a baer author of our lives before the law constructing a feminist jurisprudence cochran is an exceptional raconteur and his book is comprehensive thorough and wonderfully forward looking nancy levit author of the gender line men women and the law

organizations such as the sierra club and friends of the earth are familiar to anyone with an interest in environmental protection as activist groups they played by the same rules for years but in 1994 the rules changed with the republican takeover of congress environmental groups faced sweeping changes in federal policies that threatened the enforcement of environmental laws as these organizations intensified their efforts to meet these challenges they also altered their electoral strategies and political spending patterns this book traces those actions and shows what they mean for the future of environmentalism in the political arena while environmental advocacy groups have become bigger and better funded in recent years so have the corporate interests that compete with them for the attention of public and politicians the green agenda in american politics offers a new look at environmental advocacy that focuses on contemporary lobbying electioneering and agenda setting in this new context drawing on interviews with activists from a wide range of organizations robert duffy describes what environmental groups actually do when lobbying officials or the public he examines activity at both national and state levels to emphasize their growing use of websites email

and action alert networks to conduct more sophisticated grassroots campaigns and he shows how they are devoting more funds to unregulated forms of spending such as independent expenditure issue advocacy advertising and public education campaigns duffy also tracks emerging trends in interest group politics and provides an overview of activism through the early 1990s he then documents the emergence of more aggressive action after 1994 such as providing campaign services to candidates and mounting voter registration drives he also shows how state and local groups have begun to play more important roles in the wake of the rollback of federal environmental regulations brimming with new insights into interest group lobbies in general and contemporary environmental groups in particular duffy s book opens a new window on the influence of big money in the supposedly democratic electoral process

biblical insight good humor and a practical strategy for developing a relevant personal ministry and a last days lifestyle

a textbook tracing the political social and economic history of the united states from the discovery of america to the present day

profane and sacred analyzes the role of religion in latino american literature exploring questions of cultural and community identity theology and spiritual practices

the rise and fall of modern black leadership is designed to show how black leaders responded to the omnipresent racism of twentieth century america although the efforts of black leadership eventually succeeded in eradicating de jure discrimination and brought the nation closer to realizing the idealized tenets of american democracy their achievements occurred at a cost to their influence as leaders of the entire race synopses appear on the lives of the influential men and women who comprised the leadership cadre so that readers can understand the motives underlying leadership goals and

comprehend why the lofty objectives of the civil rights movement remain unfulfilled

a sociological analysis of three crucial episodes in the history of the peace movement in the united states this study features the emergency peace campaign 1936 1937 the atomic test ban campaign 1957 1963 and the nuclear weapons freeze campaign 1979 1986

an economist traces the evolution of anti corporate sentiment and shows why much of the criticism of corporations and business people has been misguided
