explores the living spiritual tradition surrounding birds in native american culture pairs scholarly research with more than 200 firsthand accounts of bird signs from traditional native americans and their descendants examines the legends wisdom and powers of the birds known as the gatekeepers of the four directions eagle hawk crow and owl provides many examples of bird sign interpretations and human bird communication that can be applied in your own encounters with birds birds are our strongest allies in the natural world revered in native american spirituality and shamanic traditions around the world birds are known as teachers guardians role models counselors healers clowns peacemakers and meteorologists they carry messages and warnings from loved ones and the spirit world report deaths and injuries and channel divine intelligence to answer our questions some of their signs are so subtle that one could discount them as subjective but others are dramatic enough to strain even a skeptic's definition of coincidence pairing scholarly research with more than 200 firsthand accounts of bird encounters from traditional native americans and their descendants evan pritchard explores the living spiritual tradition surrounding birds in native american culture he examines in depth the birds known as the gatekeepers of the four directions eagle in the north hawk in the east crow in the south and owl in the west including their roles in legends and the use of their feathers in shamanic rituals he reveals how the eagle can be a direct messenger of the creator why crows gather in crow councils and how shamans have the ability to travel inside of birds even after death expanding his study to the wisdom and gifts of birds beyond the four gatekeepers such as hummingbirds seagulls and the mythical thunderbird he provides numerous examples of everyday bird sign interpretations that can be applied in your own encounters with birds as well as ways we can help protect birds and encourage them to communicate with us

highly readable interdisciplinary history of a high order the historian well written and superbly documented both physicians and lawyers will find this book useful and fascinating journal of the american medical association this is the first book length historical study of medical malpractice in 19th century america and it is exceedingly well done the author reveals that beginning in the 1840s americans began to initiate malpractice lawsuits against their physicians and surgeons among the reasons for this development were the decline in the belief in divine providence increased competition between physicians and medical sects and advances in medical science that led to unrealistically high expectations of the ability of physicians to cure this book is well written often

entertaining and witty and is historically accurate based on the best secondary as well as primary sources from the time period highly recommended choice adept at not only traditional historical research but also cultural studies the author treats the reader to an intriguing discussion of how 19th century americans came truly to see their bodies differently a sophisticated new standard in the field of malpractice history the journal of the early republic by far the best compilation and analysis of early medical malpractice cases i have seen this excellently crafted study is bound to be of interest to a large number of readers james c mohr author of abortion in america the origins and evolution of a national policy
