the first extensive study of the african american community under colonial spanish rule black society in spanish florida provides a vital counterweight to the better known dynamics of the anglo slave south jane landers draws on a wealth of untapped primary sources opening a new vista on the black experience in america and enriching our understanding of the powerful links between race relations and cultural custom

this important illustrated social history of slavery tells what life was like for bond servants in florida from 1821 to 1865 offering new insights from the perspective of both slave and master starting with an overview of the institution as it evolved during the spanish and english periods larry e rivers looks in detail and in depth at the slave experience noting the characteristics of slavery in the middle florida plantation belt the more traditional slave based cotton growing economy and society as distinct from east and west florida which maintained some attitudes and traditions of spain he examines the slave family religion resistance activity slaves participation in the civil war and their social interactions with whites indians other slaves and masters rivers also provides a dramatic account of the hundreds of armed free blacks and runaways among the seminole creek and mikasuki indians on the peninsula whose presence created tensions leading to the great slave rebellion the second seminole war 1835 42 slavery in florida is built upon painstaking research into virtually every source available on the subject a wealth of historic documents personal papers slave testimonies and census and newspaper reports this serious critical work strikes a balance between the factual and the interpretive it will be significant to all readers interested in slavery the civil war the african american experience and florida and southern u s history and it could serve as a comprehensive resource for secondary school teachers and students

popularly known as black seminoles descendants of the seminole freedmen of indian territory are a unique american cultural group now kevin mulroy examines the long history of these people to show that this label denies them their rightful identity to correct misconceptions of the historical relationship between africans and seminole indians he traces the emergence of the group s society from its eighteenth century florida origins to the present day freedmen and seminoles enjoy a partially shared past this book shows that the freedmen s history and culture are unique and entirely their own as the first full length examination of the maroon community in indian territory and oklahoma this book makes a vital contribution to studies of racial identity mixed race societies and african americans in the west

black muslims in the u s seeks to address deficiencies in current scholarship about black muslims in american society from examining the origins of islam among african americans to acknowledging the influential role that black muslims play in contemporary u s society

each of these essays illuminates an important dimension of the complex array of black male experiences as workers artists warriors and leaders the essays describe the expectations and demands to struggle to resist and facilitate the survival of african american culture and community black manhood was shaped not only in relation to black womanhood but was variously nurtured and challenged honed and transformed against a backdrop of white male power and domination and the relentless expectations and demands on them to struggle resist and to facilitate the survival of african american culture and community

today most americans black and white identify slavery with cotton the deep south and the african american church but at the beginning of the nineteenth century after almost two hundred years of african american life in mainland north america few slaves grew cotton lived in the deep south or embraced christianity many thousands gone traces the evolution of black society from the first arrivals in the early seventeenth century through the revolution in telling their story ira berlin a leading historian of southern and african american life reintegrates slaves into the history of the american working class and into the tapestry of our nation laboring as field hands on tobacco and rice plantations as skilled artisans in port cities or soldiers along the frontier generation after generation of african americans struggled to create a world of their own in circumstances not of their own making in a panoramic view that stretches from the north to the chesapeake bay and carolina lowcountry to the mississippi valley many thousands gone reveals the diverse forms that slavery and freedom assumed before cotton was king we witness the transformation that occurred as the first generations of creole slaves who worked alongside their owners free blacks and indentured whites gave way to the plantation generations whose back breaking labor was the sole engine of their society and whose physical and linguistic isolation sustained african traditions on american soil as the nature of the slaves labor changed with place and time so did the relationship between slave and master and between slave and society in this fresh and vivid interpretation berlin demonstrates that the meaning of slavery and of race itself was continually renegotiated and redefined as the nation lurched toward political and economic independence and grappled with the enlightenment ideals that had inspired its

birth
