this book provides a selective and somewhat cheeky account of prominent positions in legal theory such as american legal realism modern legal positivism sociological systems theory institutionalism and critical legal studies it presents a relational approach to law and a new perspective on legal sources the book explores topics of legal theory in a playful manner it is written and composed in a way that refutes the widespread prejudice that legal theory is a dreary subject with a cast of characters that occasionally interact in order to illustrate the claims of the book legal experts claim to know what the law is legal theory or jurisprudence explores whether such claims are warranted the discipline first emerged at the turn of the 20th century when the self confidence of both legal scholarship and judicial craftsmanship became severely shattered but the crisis continues to this day

the book is one of chinese folklore culture series which introduces the performance and evolution process of marriage customs of different nationalities in china by telling vivid historical allusions legends and folktales the author would like to draw a whole picture of the culture of chinese traditional marriage with the sequences of traditional marriage customs

the purpose of this book is to give a concise introduction to development and analysis of pharmaceutical biologics for those in the pharmaceutical industry who are

switching focus from small molecules to biologics processing analysis and delivery in order to maintain a limited focus introduction to biologic and biosimilar product development and analysis will deal only with peptides proteins and monoclonal antibodies
