the idea that i write my memoirs came to me when i had barely begun to live in kaufman texas and continued all through the years but i never paid heed to the plan i was living my life intensely what need to write about it another reason for my reluctance was the conviction i entertained that one should write about one s life only when one had ceased to stand in the very torrent of it when one has reached a good philosophic age i used to tell my friends capable of viewing the tragedies and comedies of life impersonally and detachedly particularly one s own life one is likely to create an autobiography worthwhile still feeling adolescently young in spite of advancing years i did not consider myself competent to undertake such a task moreover i always lacked the necessary leisure for concentrated writing i discovered much to my discomfiture that old age far from ripening wisdom and mellowness is too often fraught with senility narrowness and

petty rancor i would not risk such a calamity and i began to think seriously about writing my life biography i am a very nostalgic person as long as i can remember i have enjoyed thinking about the past and how it melded into the present especially in reference to my own life and my own family history this life story is about over all my life in africa and united states of america i had included the stories about my parents relatives what life was like for them and what they were doing when they were alive i like looking at old pictures and other mementos that help bring some of that past back to life or just evoke the spirit of the memories this story is about my childhood life i had in ethiopia refugee camp and united states of america and my family as seen through my eyes it is my snapshot my memories to share with the world now i do not know why anyone would be interested in my life but i hope a few people especially family will find it interesting and to help keep it interesting i promise to keep chapters and stories short concise and to the point after all nothing is more boring than someone s tedious diatribe about something so entirely mundane if you get to that point just skip to another story and just try to find something interesting and of value to you if you still can t find anything of value in the reading then i apologize but still thank you for trying as for me i believed i had more fun writing this than anyone would ever have reading it

a coherent forceful and compelling case for god and the church founded by jesus of nazareth this is a remarkable achievement of solid factual information that is loaded with ammunition for the new evangelization contains colorful vignettes of historic moments alternating with sustained argument marks challenges the reader to set aside long held assumptions and prejudices jesus is the only one who proclaimed himself sinless and the only one who ever claimed to be god his followers converted an entire empire without resort to violence and after winning rome they not only gave the world its calendar but transformed pagan culture beyond recognition these hard cold facts are presented here with copious notes for easy identification of persons events or doctrines that may be unfamiliar the reader will also find a detailed index and useful appendices

a powerful journey into the author s life experiences and her desire to share with others that there is hope no matter what we ve been through because god loves each one of us memories of my life and travels is a compelling drama

i was born at midnight that means i can see ghosts when they want to be invisible writes fourth grader david demonstrating a child s capacity for making sense of personal experience the children in our lives explores this capacity as well as how adult misperceptions of children s

experiences affect those children it invites dialogue between teachers parents other caregivers and the general public who value children for their own sakes adan looks for disparities between a child s experience and the adult s interpretation of that experience in questioning middle class nurturance she focuses on connections between experience and interpretation based on dominant traditional or mainstream values she argues that force of habit as well as a preoccupation with public image predisposes adults to embrace the abstractions that distort perception consequently children are impaired as adults are in their ability to generate communities that are grounded in a creative concern for all human beings
