willy russell s 1983 play with music tells the story of twin brothers separated at birth because their mother cannot afford to keep them both one of them is given away to wealthy mrs lyons and they grow up as friends in ignorance of their fraternity until the inevitable quarrel unleashes a bloodbath after its premiere at the liverpool playhouse the

musical has gone on to receive productions around the world and ran for decades in London's West End as well as extensively touring the UK. This revised student edition includes a commentary by Rebecca Hillman which offers accessible and vivid insights into the play and the context in which it was written through a 21st-century lens as well as helping us appreciate the play today. It also conveys how groundbreaking *Blood Brothers* was at the time in representing working-class lives on stage as well as explicitly exposing the flaws of the British class system.

Blood Brothers is a story of love and loss across the color line. It is a historian's quest to make sense of the life and death of his older brother, a mixed-race hip-hop artist and screenwriter who was the victim of a racially charged attack.

First published in 1995, this book reflects on the impact of the second wave of feminism and assesses the gains of the last thirty years. Invariably, they have questioned whether claims that women have achieved equality are justified. In the late 1980s, there was a proliferation of popular imagery of new men and post-feminist women with the concept of post-feminism reinforcing and emphasizing the differences between independent, upwardly mobile career-oriented women and those women who choose the more natural role of wife and mother. The illusions of post-feminism, new women, old myths, maintains that post-feminism is a myth. Through in-depth interviews with women about four major areas of their lives: education, work, the media, and the family, the authors challenge and expose the myths implicit in the concept of post-feminism. The research illustrates that women's discontent continues despite the assumption that gender equality would result from equal opportunities legislation. The chapters highlight the ineffective nature of liberal reformism and demonstrate how power relations still lie at the root of the oppression of women. With its provoking and challenging analysis, this revealing book breaks the silence of women's real experiences by showing the actuality of women's lives today.

In the early days of television, many of its actors, writers, producers, and directors came from radio. This crossover endowed the American radio archives with a treasure trove of television documents. The collected scripts span more than 40 years of American television history, from live broadcasts of the 1940s to the late 1980s. They also cover the entire spectrum of television entertainment programming, including comedies, soap operas, dramas, westerns, and crime series. The archives cover nearly 1,200 programs represented by more than 6,000 individual scripts. Includes an

index of personal names program and episode titles and production companies as well as a glossary of industry terms

an outgrowth of the author's journal kept when she was spending part of her time at home in napa calif and part of it in hollywood as a script writer and technical adviser to william wyler who was converting her book the friendly persuasion into a movie

documents the evolutionary development of the nation's cinema and its film artists focusing on the period between 1896 and the death of eisenstein in 1948

an invaluable guide to small cast one act plays describing more than 2 200 plays
