fly shotgun with the pilots and crews of both sides who fought in the air at night over england during world war i and world war ii in two world wars a corridor from the wash to birmingham was turned into a fierce battleground the air route from germany and the occupied countries through this corridor to targets right across the industrial heartland of england became a three dimensional combat zone that proved to be as grim a killing ground by night as anywhere else in the land no place for chivalry encapsulates the story of the air defense of england against attack by night by taking the area covered by raf wittering and digby sectors looking at the action of night fighter squadrons operating from those stations and their satellite airfields the way the battle developed its timeline of events the events themselves and the organization of those involved a coherent picture of how the night air defense of britain evolved is formed the narrative is pitched at a level of detail and with

such human interest content that it enables readers not only to grasp what is happening and why but also to feel the tensions frustrations and euphoria of success that the aircrews felt at the time the reader gets a view from the cockpit or gun turret to meet and fly with the men of both sides who fought in the air at night men whose moral standards on the ground were above reproach but when fighting in the night sky gave no quarter

a detailed account of the zeppelin raid on rossendale and bolton on 25 26th september 1916
