this book is dedicated to j richard steffy a leading figure in the
study of ancient shipbuilding and draws heavily upon his conceptual
approach to ship design and construction which places emphasis on
the shipwright s personality culture technical ability and
experiences

in organizing the shipyards david palmer documents the history of
union organizing at three of america s largest private shipyards
from the great depression and the beginning of the new deal to the
end of world war ii these yards had tremendous strategic importance
because of their location in the northeast s three port regions new
york shipbuilding in the port of philadelphia bethlehem fore river
shipyard in the port of boston and federal shipbuilding in the port
of new york the industrial union of marine and shipbuilding workers
of america which led each of the drives pioneered industrial
unionism and became one of the largest of the new cio unions with a
quarter of a million members in an industry that employed more
wartime workers than any other using oral history interviews with
former union officials organizing staff and rank and file workers
palmer presents both a narrative and a scholarly account he covers
the successes and the failures of union organizing in the yards
themselves in neighboring communities and sometimes in outreach to
political leaders as elevated as secretary of labor frances perkins
and president franklin d roosevelt in the process palmer offers a
reassessment of the basis for the early gains of the cio and also
for its subsequent bureaucratization

a comprehensive study of aegean harbours and maritime connectivity
focusing on both major and local infrastructures it provides a
framework for interpreting coastal facilities and examines the
byzantine east s port networks thessaly serves as a case study with
diverse maritime landscapes and activities from late antiquity to
the middle ages

this title is a comprehensive survey of maritime archaeology as
seen through the eyes of nearly fifty scholars at a time when
maritime archaeology has established itself as a mature branch of

archaeology

current welding literature included in each volume
