this insightful handbook brings together leading and emerging scholars within the field of nonprofit organization serving as a call to action for academics to interrogate key contemporary issues such as backsliding and authoritarianism it meticulously distinguishes traditional often marginalist perspectives from nuanced counterarguments

to balance out the field

this book explores key policy issues related to early childhood education through the contributions of various professionals in the field the editors provide a vision practical and possible of early childhood education in the 1990s part i delves into the complex world both personal and professional of the classroom teacher the essays in part ii look at issues of the school community including the roles of class race gender and exceptionality finally part iii examines the relationship between schools and the community at large and how complex issues find their way into social and economic policies that often stifle rather than support the democratic vision of american schools taken as a whole the volume presents a stimulating discussion of the current state of early childhood education policy and practice

the use of critical and post structural theories such as critical race theory intersectionality and queer theory to explore student development is relatively new most current research looks beyond the individual to how systems of oppression such as racism ableism and heterosexism mediate student development and the nature of student development theory this volume offers some of the most contemporary thinking about student development by reviewing recent critical post structural scholarship offering new possibilities for using theoretical lenses and translating these theories into student affairs practice this is the 154th volume of this jossey bass higher education quarterly series an indispensable resource for vice presidents of student affairs deans of students student counselors and other student services professionals new directions for student services offers guidelines and programs for aiding students in their total development emotional social physical and intellectual

digital culture and gaming are central to contemporary life influencing how people interact communicate and understand identity power and society as these virtual spaces grow in complexity they demand perspectives to examine their cultural political and economic implications from issues of representation and inclusivity to the commodification and surveillance in gaming platforms digital games represent broader societal issues exploring these aspects may reveal the structures that shape digital experiences and highlight the need for more critical inclusive and ethical approaches to gaming culture critical perspectives on digital culture and gaming explores the impact of digital technology on gaming development and culture it examines gaming platforms and mobile technology affected by new developments in gender studies media literacy and intelligent technology this book covers topics such as digital games gender studies and mobile platforms and is a useful resource for business owners computer engineers game developers academicians researchers and scientists

renewable energy is one of the fastest growing sectors in the global economy as climate

scientists and environmentalists give voice to the detrimental effects of fossil fuels but how far have we gotten in developing efficient and sustainable energy including solar wind and geothermal power and what are the benefits of these renewable energy sources compared to fossil fuels this text examines the issue from diverse viewpoints allowing students to analyze key ideas in energy production through primary source evidence

within contemporary culture leadership is seen in ways that appeal to celebrated societal values and norms as a result it is becoming difficult to use the language of leadership without at the same time assuming its essentially positive intrinsically affirmative nature within organizations routinely referring to bosses as leaders has therefore become both a symptom and a cause of a deep largely unexamined new conceptual architecture this architecture underpins how we think about authority and power at work capitalism and its turbo charged offspring neo liberalism have effectively captured leader and leadership to serve their own purposes in other words organizational leadership today is so often a particular kind of insidious conservatism dressed up in radical adjectives this book makes visible the work that the language of leadership does in perpetuating fictions that are useful for bosses of work organizations we do this so that we and anyone who shares similar discomforts can make a start in unravelling the fiction we contend that even if our views are contrary to the vast and powerful leadership industry our basic arguments rest on things that are plain and evident for all to see critical perspectives on leadership the language of corporate power will be key reading for students academics and practitioners in the disciplines of leadership organizational studies critical management studies sociology and the related disciplines

this thought provoking collection of papers cuts across discipline boundaries to challenge professionals in linguistics research bilingual education including bilingual special education and public policy the call is clear each element in the triad of research education practice and policy making must support the other

the past few years mark a growing scholarly interest in african children s literature in the united states several books have recently been published on the subject and the number of papers on african children s literature presented at conferences or published in scholarly journals also seems to have increased these publications are becoming more and more sophisticated as scholars move away from general country surveys or analyses of publishing conditions and instead analyze literary structures themes and illustrations or apply marxist feminist or postcolonial theories to interpret literary works the question of an authentic voice in postcolonial african children s literature has emerged as a central concern to those who care about books for african children and young adults also of importance is the matter of how africa is presented in literature for children who do not live on that continent the essays in this book either take a postcolonial or revisionist approach to the study of colonial literature or discuss books published after

decolonization the introductory essay provides a general analysis of the key issues facing the publication of children's books in postcolonial africa issues of national identity language appropriate genres and relevant themes to inculcate a nationalistic outlook in children and young adults the chapters that follow are located within this broad framework and are written by expert contributors while these essays reflect the scholarly interests and specialization of each author they also span the entire field of african children's literature the first group of chapters surveys african children's literature from a variety of angles and explores such topics as literacy and the publishing culture in africa the role and importance of awards nigerian young adult literature and the relevance of folktales the book then turns to a discussion of books about africa written by western authors for western readers which often project values and perspectives that betray a continuing colonial bias the last part of the book examines more specialized themes and concerns

this critical reader of original essays places the boom and bust years of the internet in a broad cultural context exploring the world of html web browsers cookies online net guides portals and internet service providers this text includes the history of the internet interesting case studies and discussions on online community user inequalities and governance within the larger issues of technological infrastructure government policy and globalization critical perspectives on the internet highlights both the limitations and possibilities of everyday internet use does the net function as a space for radical social and political change for challenging established media what opportunities lie in the cracks and crevasses of net structure with its critical agenda for internet studies this text is a valuable tool for upper level courses on the internet online communication computer mediated communication communication and information technologies and media and politics

using philosophical and historical analysis this book illustrates how throughout the course of society different forms of media have helped to shape our perceptions expectations and interpretations

critical perspectives in international studies offers an exciting survey of recent approaches to the study of international politics including critical theory radical theory constructivism postmodernism system change and feminist and gender perspectives the authors among the founders and leaders of these innovative ways to comprehend and represent world politics reflect on the strengths and weaknesses of each school of thought and suggest future research agendas

rhys acclaimed author of wide sargasso sea quartet and other novels treating the alienation of a woman from the caribbean living in european settings has been a focus of interest both as a feminist writer and in the context of caribbean literature

these essays cover the work and career of pat barker providing insight into her novels from union street 1982 through the regeneration trilogy 1991 95 to double vision 2003 the essays are organized into writing working class women dialogue under pressure men at war the talking cure and regenerating the wasteland

this collection of twenty one essays written by colleagues and former students of the architectural historian spiro kostof 1936 1991 presents case studies on kostof s model of urban forms and fabrics the essays are remarkably diverse the range includes pre columbian inca settlements fourteenth century cairo nineteenth century new orleans and twentieth century tokyo the theme of the volume is that the street presents itself as the basic structuring device of a city s form and also as the locus of its civilization each essay is a detailed investigation of a single urban street with unique historical conditions the authors shared concern regarding anthropological political and technical aspects of street making coalesce into a critical discourse on urban space

this book aims to feed into the critical debates about media power and change through the respectful inclusion of a wide variety of critical approaches and traditions this diversity is simultaneously structured and balanced by a deeply shared set of concerns that are mobilised to defend core societal values including social justice equality fairness care for the other and humanity critical perspectives on media power and change raises questions about how the omnipresent media can contribute to the materialisation of these core values and how it sometimes works against them rethinking social change mediatisation and regulations are thus significant issues explicitly addressed in this book in addition the authors show how the role of the critical media and communication scholar merits and requires self reflection critical voices matter but they also face structural limitations this book was originally published as two special issues of javnost the public

this book addresses essential educational dimensions of the university that are often overlooked not only by prevailing discourses and practices but also by standard critical approaches to higher education each chapter takes a different approach to the articulation of a post critical view of the university and focuses on a specific dimension including lectures academic freedom and the student experience the post critical attitude offers an affirmative approach to the constitutive educational practices of the university it is post because it is a movement in thought that comes after the critical which in its modern and postmodern forms is considered in latour s terms to have run out of steam it is an attempt to articulate new conceptual and methodological tools that help us grasp our current conditions it is not anti critique but rather than seeking to debunk current practices this affirmative approach offers perspectives that shed new light on what we do as educators on the essence of our educational practices and on their immanent value the focus on the educational then applies not only to practices that happen to take place

in the educational space of the university but also to those practices whose value we can understand in educational terms
