freeing scotland even became an issue in several programs of political parties with the release of the film braveheart in the mid 1990s the wallace cult was reborn once more was it the prevailing political situation that stimulated such an overwhelming enthusiasm for william wallace again did the wallace myth influence the devolution movement is wallace s spirit still alive today do the scots still cherish what he fought for and will they finally achieve his goal of a fully independent scottish nation with regard to the current political situation the author finds interesting answers to these questions and discusses the chances for a possible scottish independence
