the present day parish of greatham lies in the county of hampshire on either side of the old farnham surrey to petersfield turnpike the domesday book of 1086 recorded greatham as being terra regis a latin term meaning land of the king indicating that this was once a royal manor belonging to william the conqueror himself in later years the

manor passed through many families by marriage and by purchase including the devenish marshall norton freeland love chawner and coryton families the name of the village has changed many times however slightly over the years greteham grietham gretham grutham gratham all derived from two separate words the old english anglo saxon ham meaning village estate manor or homestead and an old scandinavian word griot or gryt meaning stones or stony ground thus the name greotham came into being literally a stony estate or farm on gravel

with over 700 examples this work provides an illustrated history of clocks made for use on the railways of england scotland and wales

the author fred kerr was introduced to the world of industrial railways in 1956 when his parents moved from edinburgh to corby in northamptonshire where the local steelworks offered a mix of locomotives from several manufacturers when steam traction finished on br in august 1968 fred s interest in railways continued with diesel and electric traction whilst retaining a passing interest in industrial locomotives through his visits to the heritage lines which were initiated in the post beeching era when the author converted to digital photography in 2001 he visited many heritage lines as he sought to gain experience in the digital world when he looked back after a decade of digital photography he noted that industrial locomotives were still at work on many heritage lines throughout the uk he also noted that during the 1960s the effort to preserve mainline steam traction had overlooked the availability of industrial locomotives leading to the scrapping of many locomotives with both a story to tell and an incomplete working life the result is a book that pays tribute to industrial locomotives which are still at work by detailing the manufacturers of these workhorses and the locomotives which they built identifying their working lives where possible showing their entry into preservation and paying tribute to those heritage lines which appreciated the value of these unsung heroes of the industrial revolution by buying the scrap locomotives then restoring them to working order
