widely regarded as one of the greatest choral works of the twentieth century britten s war requiem was first performed at the consecration of the new coventry cathedral in 1962 it provocatively juxtaposes the vivid anti war poetry of wilfred owen with the latin requiem mass in a passionate outcry against man s

inhumanity to man this handbook explores the background to britten s use of the owen texts charting the development of the composer s lifelong pacifist beliefs and in a chapter contributed by philip reed of the britten pears library aldeburgh detailing the process of composition from hitherto unpublished correspondence and manuscript sources the musical structure is investigated and the work s compositional idiom related to britten s output as a whole a concluding chapter surveys the fluctuating critical responses to the score and includes discussion of the composer s legendary 1963 recording and derek jarman s controversial interpretation on film
