drawing on profound insights into the transformational journey of socio cultural change in east germany after unification tobias lehmann presents inspiring and thought provoking interpretations of two novels by ingo schulze a work by thomas brussig and the memoirs of jana hensel and sabine rennefanz he skillfully weaves the immediate historical context into the fabric of these fictional narratives revealing the profound connections between literature and the social landscape lehmann's interpretations emanate from his belief that literary analysis can illuminate the intricate ties between literary works and the realities of human experience making this subject all the more significant in light of the persistent tendencies toward rightwing politics characterized by bitterness and blame in east germany throughout the book particularly in the epilogue the author emphasizes that grasping the deep seated resentment driving these developments calls for an exploration of the collective feelings of uprooting and disorientation experienced by east germans one of the notable strengths of this work is its introduction of significant contemporary german novels to english speaking audiences many of which have remained untranslated for years aside from schulze's debut simple stories

this is the first collection that highlights the strengths and contributions of the humanities in the european region the volume stresses the positive and multidimensional impact of the humanities on core areas of human experience and their ability to formulate new frames to represent our collective and individual relation to the world further it explores new ethical social imaginaries gendered scenarios and spaces of decolonial transculturality this collection also confronts the threats the humanities face today and proposes ways to respond these threats include public discourses that question the value of the humanities the chronic underfunding of teaching and research at our universities and institutions and the more fundamental risks to intellectual freedom democracy and critical discourse diversity and the radical imagination posed by political and market forces and organisations overall this volume proposes innovative tools to increase our collective awareness of forms of injustice exclusion and the suffering of both the human and the non human inhabitants of this planet it discusses the posthuman future of the humanities and makes recommendations for the implementation of innovative approaches to the humanities
