this the first book on latinos in america from an urban planning policy perspective covers the last century and includes a substantial historical overview the subject the authors trace the movement of latinos primarily chicanos into american cities from mexico and then describe the problems facing them in those cities they then show how the planning profession and developers consistently failed to meet their needs due to both poverty and racism attention is also paid to the most pressing concerns in latino barrios during recent times including environmental degradation and justice land use policy and others the book closes with a consideration of the issues that will face latinos as they become the nation s largest minority in the 21st century

no detailed description available for the processes of urbanism

visual and performance artist sandra de la loza presents a wry commentary on the chicano

history of los angeles in this field guide to downtown and east los angeles using the format of the photographic essay she documents the exploits of the pocho research society an organization dedicated to commemorating sites in los angeles that are of importance to the chicano community but that have been erased by urban development or neglect through the unauthorized acts of commemoration the pocho research society calls our attention to their absence from official narratives the field guide also offers playful tours of the murals at estrada courts and the fort no moore secret museum founded by the pocho research society to preserve the history of the fort moore pioneer memorial a history that includes accounts of the lizard people who lived in catacombs far beneath the monument by drawing attention to these invisible monuments and lost histories de la loza asks her readers to consider the broader question of what constitutes a community's history

includes general and summer catalogs issued between 1878 1879 and 1995 1997

this ten volume encyclopedia explores the social history of 20th century america in rich authoritative detail decade by decade through the eyes of its everyday citizens

this bibliography is the first comprehensive listing of works on latino politics a subject that is rapidly growing in importance as the influence of latinos in the united states steadily increases in contrast to other existing bibliographies this one encompasses all three major u s latino groups mexican americans puerto ricans and cuban americans the focus within the general arena of latino politics is on political values attitudes mobilization and leadership and on public policy issues with more than 700 entries from a wide range of disciplines latinos and politics includes virtually every empirically based research piece written on these subjects since 1965 and many significant works of more general interest the book is divided into four sections journal articles books dissertations and government publications all article and dissertation entries are accompanied by abstracts as are many of the entries in the fourth section in addition author and subject indexes help make the bibliography more accessible from jacket flap

this provocative book takes a new approach toward understanding the uneven flows of global communications rather than guiding its discussion by geography types of media or traditional separations of power and resistance global communications examines political economic power and communication in relation to historically specific encounters with modernity it underscores lived experiences in its approach to globalization showing that the state and the market can both be sites of empowerment just as civil society might also be a site of repression taking a political economic analysis of communication and culture this dynamic group of international authors looks beyond developments in the north american information and culture industries to map new forms of citizenship and exclusion the chapters spotlight china ghana india japan palestine russia singapore and venezuela and foreground the transnational formations of the european union the pan arab and spanish speaking markets and civil society actors in sub

saharan african the middle east and north america theoretically driven and empirically grounded global communications defines communication broadly to include production circulation and consumption and addresses urgent questions about the inequalities of globalization and the possibilities of hybrid cultural forms and practices
