the illustrated history of the motorhome motor caravan camper in the uk from early pioneers right up to the present day

following on from andrew s a visual history of caravans this new title takes a look at the motorhome s heritage spanning over 100 years the motorhome is a popular leisure vehicle with an ever growing demand in the uk as well as abroad from the early designs often built by one man bands this book shows how the motorhome was to evolve in the 1920s but was to be outsold by the popularity of the touring caravan images from all decades are mainly from the author s own vast archives while some have been loaned and supplied from motorhome industry personnel these pictures demonstrate how the motorhome developed with the advent of smaller

chassis cabs from the 1950s major manufacturers such as bedford austin morris and ford covering uk brand motorhomes as well imported models the book shows how different uk tastes were to the imported makes although not an a z of motorhomes book the author has chosen images that represent as many manufacturers as possible andrew includes some rare images of coachbuilt motorhomes and shows how the motorhome boom began in the mid 1960s with the further development of chassis cab designs in the 70s with brands such as commer toyota and leyland more manufacturers of motorhomes would emerge as the boom carried on caravan s international motorised division was re named autohomes and became the biggest uk manufacturer of coachbuilt motorhomes going on to also be built in germany well known maker dormobile concentrated on campervans though several coachbuilt motorhomes such as the classic looking debonair were produced from those early days a visual history of motorhomes will make interesting reading to motorhome users showing how the leisure vehicle took shape

this is an authoritative book by acknowledged international experts of the latest techniques in video and television engineering it brings together in over sixty chapters information on every aspect of modern broadcasting technology this reference work will be of enormous value to all practising engineers and managers working in the broadcast cable and satellite services and television equipment industries and in its format will make an excellent reference for students starting from basic reference material and the fundamentals of electronic circuit design it provides detailed coverage of all the main components in the broadcasting chain transmission distribution dbs tv studios and equipment sound television receivers and video recorders videotex and hdtv television performance measurements and current emc requirements are covered unparalleled breadth of coverage the biggest bargain for tv engineers written by international experts

what did armstrong siddeley motors achieve a car that looked good did what it was intended to do and was thoroughly reliable

a concise history of one of the biggest manufacturing companies in coventry and owners of triumph
